ABSLI Wealth Secure Plan is a non-participating unit-linked life insurance plan. All unit-linked life insurance plans are different from traditional insurance plans and are subject to different risk factors. The name of this plan and that of the segregated funds do not in any way indicate the quality of the plan or future returns.

In this plan, the investment risk in the segregated funds chosen by you is borne by you. Segregated funds are subject to investment risks and unit prices may go up or down reflecting the market value of the underlying assets. Past performance is no guarantee of future results.

YOUR CHOICES AT INCEPTION

1. **Basic Premium[1] –** is equal to your Annualized premium which you commit to pay regularly during the premium paying term excluding taxes, rider premiums and underwriting extra premiums on riders if any. Your Basic Sum Assured will be determined based on the basic premium amount you commit to pay in a policy year.
2. **Basic Sum Assured –** is the minimum death benefit payable on the death of the life insured and is equal to 10 times of your Annualized Premium.
3. **Pay Mode –** you can pay basic premium in monthly, quarterly, semi-annual or annual instalments. Please ask your financial advisor for details about the range of convenient payment methods we offer.
4. **Investment Options -** you have a choice to invest your money in the 'LifeCycle' Option, the 'Systematic Transfer' Option or the 'Self-Managed' Option. LifeCycle Option is for individuals who would like their investments to alter over time based on their age and risk profile. Systematic Transfer Option is for individuals who would like to eliminate the need to time one's investments in the market. Self-Managed Option is for individuals who would like to have control over their investment.

You may wish to invest additional amounts as top-up premiums anytime during the policy term as long as all due basic premiums have been paid. The minimum top-up premium is ₹5,000 and at any point the total top-up premiums paid cannot exceed the total basic premiums paid to date. Top-up Sum Assured will be 125% of the top-up premium being paid.

Your Sum Assured[2] under the plan is the total of Basic Sum Assured and Top-up Sum Assured.

The Basic Premium and any Top-up Premium net of premium allocation charges will be used to purchase units in the various segregated fund/s offered under this plan and as chosen by you. The units purchased in the segregated fund is the monetary amount allocated to the segregated fund divided by its then prevailing unit price.

Top-up Fund Value, if any is equal to the number of units pertaining to top-up premiums allocated to the segregated fund/s chosen by you multiplied by its then prevailing unit price

The Policy Fund Value represents the total value of your investments to date and is the balance of all units allocated to the segregated fund/s chosen by you multiplied by its then prevailing unit price.

YOUR INVESTMENT OPTIONS

Under ABSLI Wealth Secure Plan, you decide how to invest your premiums in one of the three investment options - LifeCycle Option, Systematic Transfer Option or the Self-Managed Option. At any time after one year while your policy is in effect, you can change your investment option

1) LifeCycle Option:

Under the LifeCycle Option, your portfolio will be structured as per your age and risk profile – all you need is to decide on your risk profile – **Conservative, Moderate or Aggressive**. Your portfolio will then be managed and administered by us, saving you the time and effort involved. We automatically shift your investments from riskier assets to safer assets progressively with your age.

We will invest your premiums between the two segregated funds, Maximiser (Equity Fund) and Income Advantage (Debt Fund) in a predetermined proportion based on the selected risk profile and your age when the premium is invested. Details about these two funds are explained later.

The proportion invested in Maximiser (Equity Fund) will be according to the schedule given below – the remaining amount will be invested in Income Advantage (Debt Fund):

Risk Profile	Age (years)					
	1 - 30	31 - 40	41 - 50	51 - 60	61 - 70	71+
Conservative	50%	40%	30%	15%	0%	0%
Moderate	70%	60%	50%	35%	20%	5%
Aggressive	90%	80%	70%	55%	40%	25%

For example – if person A aged 35 years, opts for LifeCycle Option and a moderate risk profile, then based on the age and the risk profile the investment portfolio will change with time as below:

Age (years)	Percentage of investments in	
	Maximiser	Income Advantage
31-40	60%	40%
41-50	50%	50%
51-60	35%	65%
61-70	20%	80%
71+	5%	95%

You can change your risk profile at any time with no additional cost. All premiums paid from that point onwards will be invested in the Maximiser and Income Advantage according to your new risk profile.

We will automatically rebalance your investment portfolio on each policy anniversary to ensure that it maintains the predetermined proportion in Maximiser and Income Advantage as per the risk profile you have selected at no additional charge.

2) Systematic Transfer Investment Option:

The Systematic Transfer Option safeguards your wealth against the market volatilities and is available only if you have opted for annual mode. Under the Systematic Transfer Option, your premium (net of premium allocation charge) shall be first allocated to Liquid Plus fund option and thereafter 1/12th of the allocated amount shall be transferred to a segregated fund(s) of your choice. You may choose up to a maximum of four segregated fund out of Enhancer, Creator, Multiplier, Super 20, Income Advantage, Maximiser, MNC, Pure Equity and Value & Momentum for your premiums to be transferred to. The transfers to your chosen segregated fund(s) will take place monthly on 1st, 8th, 15th or 22nd of the month as selected by you.

This option helps mitigate any risk arising from volatility and averages out the risks associated with the equity market, reducing the overall risk to your portfolio.

For example – if person A aged 35 years, opts for Systematic Transfer Option with transfers on 15th of every month to Super 20:

Premium/s net of premium allocation charges will be allocated in Liquid Plus Fund and thereafter on 15th of every month, 1/12th of initially allocated amount shall be automatically transferred to Super 20 Fund.

3) Self-Managed Option

Self- Managed Option gives you access to our well established suite of 16 segregated funds, complete control in how to invest your premiums and full freedom to switch from one segregated fund to another.

Our 16 segregated funds range from 100% debt to 100% equity to suit your particular needs and risk appetite – Liquid Plus, Income Advantage, Assure, Protector, Builder, Enhancer, Creator, Asset Allocation, Magnifier, Maximiser, Multiplier, Super 20, Pure Equity, Value & Momentum, Capped Nifty Index and MNC. If you wish to diversify your risk, you can choose to allocate your premium in varying proportions amongst the 15 segregated funds. We record your allocation instructions as per the premium allocation percentages specified in the application form. Our only requirement is that the percentage allocated to any segregated fund be in increments of 5%, ranging from 5% to 100%.

To meet your ever changing investment needs, you have full flexibility to redirect future premiums by changing your premium allocation percentages at any time. You also have full flexibility to switch monies from one segregated fund to another at any time provided the switched amount is for at least ₹5,000.
