Can I Surrender my Policy?

We advise you to continue your policy and enjoy the benefits of your policy. However, we understand that in certain circumstances you may want to surrender your policy.

You can surrender the policy at any time during the policy term after completion of the first policy year provided one full years' premium has been paid. The surrender benefit payable will be the highest of the Guaranteed Surrender Value (GSV) and Special Surrender Value (SSV) as on date of surrender.

Guaranteed Surrender Value (GSV)
The company guarantees a minimum surrender value which is equal to the Guaranteed Surrender Value. GSV shall be payable provided 2 full years' premiums have been paid.

The GSV factors are guaranteed throughout the Policy Term. The GSV factor will depend on the policy year of surrender.

Special Surrender Value (SSV)
The company shall declare Special Surrender Value (SSV). The factors for such SSV will be decided by the Company from time to time. The applicable SSV shall be reviewed annually based on the prevailing yield on 10 Year G Sec and the underlying experience. Any change in the computation of said interest rate is done only after IRDAI approval.

The surrender value shall not exceed 100% of Total Premiums Paid[#] plus underwriting extra premium plus loadings for modal premiums till the date of surrender.

On payment of the Surrender Benefit, the policy will terminate, and no further benefits shall be payable. For more details on the surrender benefit, please refer to the policy document.

What if I am not happy with the plan after buying it (Free Look Period)?

If the Policyholder is not satisfied with any of the terms and conditions of the policy, or otherwise and has not made any claims, Policyholder may request the Company for cancellation of policy within 30 days from the date Policyholder received the policy, whether received electronically or otherwise.

On cancellation of the policy within the above-mentioned free-look period, the Company shall refund premiums paid after deducting the proportionate risk premium for the period of cover and the expenses incurred by the Company for medical examination (if any) and stamp duty.

The policy will terminate on payment of this amount and all rights, benefits and interests under this policy will stand extinguished.

What if I missed my premium due date (Grace Period)?

The Grace Period is 15 days for policies under monthly mode and 30 days for other premium payment modes from the premium due date, during which the due premium can be paid (without any interest).
The policy will remain in force during the Grace Period.

What happens if I stop paying the due premiums?

It is recommended that you pay all premiums for the period selected to be able to enjoy all policy benefits. However, at any stage if you stop paying premiums the following shall be applicable:

If you have not paid at least one (1) full year's premium: If you discontinue payment of premiums before one full years' premium is paid, then the policy will, immediately and automatically, lapse at the expiry of the grace period. In case of a lapsed policy, all the benefits shall cease and nothing is payable on death, maturity, survival or surrender.
If a lapsed policy is not reinstated during revival period and before the expiry of policy term, it will automatically stand terminated.

If at least one (1) full year's premiums have been paid and subsequent premiums are not paid: In case of discontinuance of due premiums, if the policy has not lapsed, then the same shall be converted to Paid-Up policy upon expiry of grace period.

In case of death of the Life Assured during the paid-up status, Paid-Up Sum Assured on Death will be payable.
Paid-Up Sum Assured on Death = (Total Number of Premiums paid / Total Number of Premiums payable over the Policy Term) x Sum Assured on Death.

The Death Benefit for Paid-Up policies at no time shall be less than 105% of Total Premiums Paid[#]plus underwriting extra premium plus loadings for modal premiums till the date of death.

In case of survival of the Life Assured till maturity, Paid-Up Maturity Benefit will be payable.
Paid-up Maturity Benefit = 100% of Total Premiums Paid[#] plus underwriting extra premium plus loadings for modal premiums as on the date the policy has become paid-up.

The policy shall terminate upon the earlier of such death or maturity payment. A Paid-Up policy can also be surrendered at any time. The benefit payable will be in accordance with the benefit payable on surrender. Please refer to the policy document for complete information regarding the Surrender Benefit.

How do I Revive my Lapsed Policy?

If the policy has lapsed, it may be revived subject to the IRDAI (Non-Linked Insurance Product) Regulations, 2024 as amended from time to time.

The policyholder may revive the policy within five consecutive completed years from the due date of the first unpaid premium and before the expiry of the policy term. The revival will be subject to Company's 'Board Approved Underwriting Policy' and payment of all outstanding premiums (including taxes) with applicable interest, if any, thereon. The interest will not exceed the yield to maturity on 10-year G-Sec + 200 basis points rounded to nearest 50 basis points. G-Sec rates will be taken from www.fbil.org.in. The interest rate will be reset at the beginning of each Financial Year. Any change in formula used in deriving this interest rate will be subject to prior approval from IRDAI. The current interest rate used for FY 2025-26 is 9.00% p.a. compounded annually.

Upon revival, the policyholder would be eligible for all the benefits in full in line with in-force policy. In case no revival request is received from the policyholder during the revival period and the policy has not acquired paid-up status, the policy will terminate.

- The minimum loan amount will be ₹10,000.
- The maximum amount of loan cannot exceed 70% of Surrender Value as on the date of loan.

The interest rate will be reset at the beginning of each Financial Year. Any change in formula used in deriving this interest rate will be subject to prior approval from IRDAI, if applicable. The current interest rate used for FY 2025-26 is 9.00% p.a.
- The policyholder can repay part or full amount of loan and/or loan interest at any time during the Policy Term.
- The outstanding loan amount and accumulated interest will be recovered from any benefits payable during the policy tenure and the rest of the benefit amount, if any, will be paid.
- For other than in-force and fully paid-up policies, in case the outstanding loan amount (including Interest) exceeds 95% of the Surrender Value anytime during the Policy Term, the Company will send an intimation to the Policyholder for repayment of loan/ interest. In the event of non-payment within 30 days after intimation or if premiums are discontinued, the Policy shall be terminated by paying any differential amount if any i.e. surrender value less outstanding loan amount (including Interest).
- For in-force and fully paid-up policies, the policy will not be foreclosed if the outstanding loan amount (including Interest) exceeds the surrender value.
