In case of death or surrender during the inter-valuation period the policy will be eligible to receive the interim bonus based on the bonus rates declared by the company.

This plan has a grace period of 30 days for yearly, half-yearly and quarterly frequencies from the premium due date. The grace period for monthly frequency is 15 days from the premium due date. During the grace period, policy is considered to be in-force with the risk cover without any interruption.

Should a valid claim arise under the policy during the grace period, but before the payment of due premium, we shall still honour the claim. In such cases, the due but unpaid premium will be deducted from any benefit payable.

LAPSATION

In the event of non payment of premium due under the policy within the grace period, the policy will lapse if the policy has not acquired a guaranteed surrender value (refer the section on surrender). The risk cover will cease and no benefits will be payable in case of lapsed policies.

You can revive your lapsed policy. Kindly see the section below on Revival.

PAID-UP

If you stop paying premiums after the policy has acquired a guaranteed surrender value (refer the section on surrender), your policy will be made paid-up at the end of the grace period.

Once a policy becomes paid-up:

- The paid-up Sum Assured on Maturity/Death shall be the Sum Assured on Maturity/Death multiplied by the ratio of the premiums paid to the premiums payable under the policy.
- Survival Benefit for a paid-up policy will be percentage of the paid-up Sum Assured on Maturity.
- In addition, the Reversionary bonus if declared accrued to the policy as on the date of paid-up will remain attached to the policy and will be payable on maturity. A paid-up policy will not accrue any further bonuses if declared.

You can revive your paid-up policy. Kindly see the section below on Revival.

REVIVAL

You can revive your lapsed/paid-up policy within the revival period (specified below) subject to the terms and conditions we may specify from time to time. For revival, you will need to pay all the outstanding premiums and interest on the outstanding premiums and taxes and levies as applicable. Interest rate will be as prevailing from time to time. The current rate of interest for revival is 9.5% p.a. Please contact our Customer Service department to know the applicable interest rate. A charge of ₹ 250 shall be levied for processing the revival.

The revival period shall be of five years.

Once the policy is revived, you are entitled to receive all contractual benefits.

SURRENDER

It is advisable to continue your policy in order to enjoy full benefits of your policy. However, we understand that in certain circumstances you may want to surrender your policy.

(1) For Limited Pay policies: The policy will acquire a Guaranteed Surrender Value (GSV) provided 2 full years' premium has been paid.

(2) For Single Pay policies: The policy shall acquire a Guaranteed Surrender Value (GSV) immediately upon the payment of the single premium.

The GSV shall be the aggregate of:

- percentage of total premiums paid or single premium paid
- percentage of subsisting bonuses if declared

In case of any Survival Benefit payouts are made before the date of surrender, the Surrender Value as calculated above will be reduced to the extent of the payouts already made. For cases where the sum of all payouts exceeds the Surrender Value calculated, there will be no Surrender Value payable

For details on GSV percentage, please refer terms & conditions section below.

Depending on the prevailing market conditions, the Company may pay a higher surrender value in the form of a Special Surrender Value.

On payment of the Surrender Benefit, the policy will terminate and no more benefits will be payable.

It is always advisable to pay premiums for the full premium paying term in order to enjoy maximum benefits.
