The High Growth Fund II, Diversified Equity Fund II, Growth Super Fund II, Rising India Manufacturing Fund & Flexi Cap Fund may also use equity derivatives for hedging, efficient portfolio management, and optimizing returns, in line with IRDAI regulations and the fund's risk management framework. Derivative Exposure limits would be governed by the Board Approved Hedging Policy (for Equity Derivatives) and will adhere to the regulatory limits/framework prescribed by IRDAI.

Let's understand through different illustrations in below section

Equity Derivative for Hedging Purposes:
While creating a diversified portfolio helps reduce stock-specific risks, to protect portfolio returns from systematic risks, the funds may resort to hedging through Index/Stock Futures or Index/Stock Options as stipulated by IRDAI. This helps reduce market risk and volatility for policyholders. We will be complying to the exposure limits as prescribed by IRDAI guidelines.

Illustration of Futures
Assume a portfolio of ₹50,00,000. If we anticipate volatility in the markets, we may hedge the portfolio with Index Futures as per IRDAI guidelines. For example, we hedge the portfolio by selling Index Futures of Nifty MidCap.
-Let's assume Current Index Level is ₹15,000
•Lot Size: 140
•Value of 1 Lot:
₹15,000 × 140 = ₹21,00,000

Since we are holding a long position in the stock portfolio, we will take an opposite position to hedge it.
•Sell 1 lot of Nifty MidCap Index Futures worth ₹21,00,000
•Remaining unhedged portion = ₹50,00,000 – ₹21,00,000 = ₹29,00,000

If Market Falls by 10%
Loss from Portfolio:
10% of ₹50,00,000 = ₹5,00,000

Profit from Short Position in Index Futures:

Futures also fall by 10%
Initial Futures Value = ₹21,00,000
New Futures Value = ₹18,90,000

Gain = ₹21,00,000 – ₹18,90,000 = ₹2,10,000

Overall Loss Reduced To:
₹5,00,000 – ₹2,10,000 = ₹2,90,000
This was possible because the portfolio was carefully hedged with Index Futures before the market crash and Similar illustration applies for selling stock futures.

Illustration of Stock Options
Assume a scenario where we are long on a particular stock "B" in the cash market.
•Let's assume the current Price to be ₹250
•Quantity: 8,000 shares
•Portfolio Value: ₹20,00,000
•Put Option Premium: ₹6 per share
Due to uncertainty, we expect adverse impact on the stock price. As per IRDAI guidelines, we can buy a Put Option of that stock in the derivatives market.
Case 1: Stock Price Moves Up to ₹270
- Cash Market Profit: ₹20 per share = ₹1,60,000
- Loss on Put Premium: ₹48,000
- Net Profit: ₹1,12,000

Case 2: Stock Price Falls to ₹230
- Cash Market Loss: ₹1,60,000
- Put Option Gain: ₹1,60,000 – ₹48,000 = ₹1,12,000
- Net Loss: ₹48,000 only

Case 3: Stock Price Remains ₹250
- Cash Market Impact: ₹0
- Premium Loss: ₹48,000
- Net Loss: ₹48,000

Similar illustrations apply for selling an Index Option.

Systematic Transfer Plan

Systematic Transfer Plan is available only for policies taken on Annual mode and Single Pay policies. The Annualized or Single Premium received net of Premium Allocation Charge shall be allocated first to the Secure Plus Fund and Units will be purchased. Immediately thereafter and on each subsequent monthly anniversary, Fund Value of [1/ (13 less month number in the policy year)] of the Units available at the beginning of the month shall be Switched to Growth Super Fund or Growth Super Fund II (as opted by the policyholder at inception) automatically by cancelling Units in the Secure Plus Fund, and purchasing Units in the Growth Super Fund or Growth Super Fund II (as opted by the policyholder at inception) till availability of Units in Secure Plus Fund.
That is:
Policy Month 1: 1/ (13-1) = 1/12th of the Units to be switched
Policy Month 2: 1/ (13-2) = 1/11th of the Units to be switched
Policy Month 11: 1/ (13-11) = 1/2 of the Units to be switched
Policy Month 12: 1/ (13-12) = Balance Units to be switched

For Example: Assume number of Units in Secure Plus Fund in the first month is 120 units. The Amount switched from Secure Plus fund shall be [120/ (13-1)] = 10 * NAV of the units in Secure Plus Fund at the date of switching. However, the number of units shall be purchased at the then prevailing NAV of the Growth Super Fund or Growth Super Fund II (as opted by the policyholder at inception) and hence they could be more or less than 10 units.

There shall be no Switch Charge to affect Switches under the Systematic Transfer Plan option. During the period when Systematic Transfer Plan is in force, Partial Withdrawal of Units shall not be permitted from the Secure Plus Fund.

The Policyholder may opt out of or opt for the Systematic Transfer Plan option by giving a written notice to the Company. Once accepted, the request shall be effective on and from the Policy Anniversary following the receipt such request.

The Systematic Transfer Plan option shall be automatically applied for all future Annualized Premiums received thereafter but within the grace period, unless advised otherwise.

Dynamic Fund Allocation
Dynamic Fund Allocation option is an investment strategy which in early part of your policy term invests in equity oriented funds and as your policy term progresses it shifts the fund allocation towards more conservative funds. You can opt for Dynamic Fund Allocation option only at the inception of policy. Under this option, assets under management shall be maintained amongst Growth Super Fund / Growth Super Fund II (as opted by policyholder at inception) and Secure Fund in a pre-defined proportion that changes depending upon the years left to maturity as per the matrix below. Switching of existing Fund Value shall happen on the Policy Anniversary and Allocation of premium received amongst the Funds shall happen on the date of receipt of such premium or premium due date, whichever is later, in the proportion mentioned in the table below. You do not have an option to redirect premiums or effect unit switches during the period this option is in force. You may opt out of the "Dynamic Fund Allocation" option anytime during the Policy Term, which will then be effective from the next Policy Anniversary. Once opted out, "Dynamic Fund Allocation" cannot be opted again. However, after opting out of the Dynamic Fund Allocation option, you may exercise free Switches or Premium Redirection options to manage your Funds and maintain balance between risk & returns as per your risk appetite.

FLEXIBILITIES OFFERED

1 Switch

You may Switch between available Funds at any time during the Policy Term, subject to a minimum Switch amount of ` 5,000. Maximum of twelve (12) Switches are allowed in a Policy Year and they are free of charge. Following receipt of your written notice, we will redeem the Units in the Fund you wish to switch from and purchase Units in the Fund you wish to switch to.

We may at any time impose a complete or partial bar on switches, with prior approval from the Authority, for a time period not exceeding 30 days, if the Company considers that it is appropriate to do so in order to maintain the stability of a Fund or Funds or is necessary to protect the interest of the Policyholders. Such situation may arise under extraordinary circumstances such as non-availability of market prices, occurrence of any catastrophe where the declaration of NAV is not possible.

You shall not be allowed to exercise this option during the period of discontinuance in first five years of the policy.

Switching is allowed during settlement period.

2 Premium Redirection

You may redirect your future Premiums between available Funds at any time by giving us a written notice before the premium due date. Your notice must quote your Policy Number and it must specify precisely the Fund(s) in which you wish to redirect the premiums along with the percentage of premium that you wish to allocate against each Fund. A maximum of six (6) Premium Redirections are allowed in a policy year and all are free of charge.

3 Partial Withdrawal

- No Partial Withdrawals are allowed in the first five policy years and thereafter a maximum of two (2) Partial Withdrawals are allowed in a policy year.
- There is no charge on Partial Withdrawals.
- The minimum amount of Partial Withdrawal allowed per transaction is ` 5,000.
- In a policy year, the maximum amount that can be partially withdrawn is 50% of the Fund Value as on the date of partial withdrawal, subject to the Fund Value immediately after Partial Withdrawal being at least equal to 1 (One) Current Annualized Premium or 25% of Single Premium, as the case maybe, i.e., you may make two partial withdrawals in a policy year such that the summation of percentage of Fund Value withdrawn, is less than or equal to 50%.
- In the case of child policies, partial withdrawals shall not be allowed until the minor life insured attains majority i.e. on or after attainment of age 18.

E.g.: A Policyholder makes first partial withdrawal in a policy year of 20% of Fund Value. He may make a second partial withdrawal up to a maximum of 50%-20%= 30% of Fund Value, subject to the above conditions.

The Company may at any time impose a complete or partial bar on partial withdrawal, with prior approval from the Authority, for a time period not exceeding 30 days, if the Company considers that it is appropriate to do so in order to maintain the stability of a fund or funds or is necessary to protect the interest of the Policyholders. Such situation may arise under extraordinary circumstances such as non-availability of market prices, occurrence of any catastrophe where the declaration of NAV is not possible.

The Sum Assured will reduce to the extent of the partial withdrawals made during the two years period immediately preceding the death of the Life Insured.

4 Settlement Option

You may, at least fifteen (15) days prior to the Maturity Date, opt for a Settlement Option, pursuant to which the Company will continue to manage the Funds for you for a maximum period of five (5) years from the Maturity Date and make periodic payments. While opting for settlement option you will have to instruct us on settlement period (up to 5 years) and the frequency (monthly, quarterly, semiannual or annual) of payouts. Under settlement option, the balance number of Units in the Fund at the start of the settlement period will be divided in equal installments for payout over the settlement period.

During the settlement period, Mortality charges and Fund Management Charges shall continue to be levied and there shall be a risk cover equivalent to 105% of total premium paid. You shall continue to bear all investment risks. Units will be cancelled at the prevailing NAV to make periodic payments of the Fund Value. During the settlement period, you will not be entitled to affect Partial Withdrawal, but you can exercise Switch options.

Under settlement option, the installment amount will be equal to:

Fund Value before payment of installment/number of remaining installments

The first instalment under settlement option shall be payable on the date of maturity.
In case of the death of the Life Insured during the settlement period, the Fund Value, subjected to a minimum of 105% of the total premiums paid, prevailing as on the date of death, will be paid. You may, at any time, opt out of the Settlement Option pursuant to which the Company shall close the Unit Account on the date of receipt of such request and pay the prevailing Fund Value.

5 Option to reduce premium post lock-in

The policyholder has an option to decrease the premium upto 50% of the original Annualized Premium subject to the minimum premium limit, only post the end of 5-year lock-in period. The intimation about exercising this option should be given 15 days prior to the premium due date.

Once opted, the option cannot be exercised again and the premium cannot be subsequently increased.

The Sum Assured will be reduced proportionately to the new annual premium and all the applicable charges will be deducted accordingly.

Please note that in case of reduced premium option, the sum assured of rider attached (if any) would also reduce and the premium of the rider would be revised proportionately.

In case the rider boundary conditions are violated for regulatory boundary conditions, the rider benefit will be lapsed.

In any case, the reduced premium payable cannot be less than the minimum premium allowable for the product.

SURRENDER/DISCONTINUANCE TERMS

What happens when you surrender the policy?

At any time during the Policy Term, you have the right to surrender the policy by advising the Company in writing.

A) Surrender within five years of Effective Date of the Policy (i.e. within the Lock-in Period)

In case you surrender the policy within the Lock-in-Period, the Company will credit the Fund Value by creation of units into the Discontinuance Policy Fund after deducting applicable Surrender / Discontinuance Charges.

At the expiry of five years from the effective date of the Policy (i.e. at the expiry of the Lock-in Period), the Company will close the Unit Account and pay you the value of units in the Discontinuance Policy Fund as at that date.

From the Date of Discontinuance, the risk cover under the policy will stop and no further charges will be levied by the Company other than the Fund Management Charge applicable on the Discontinuance Policy Fund, i.e. 0.5% p.a. currently. Discontinuance is defined as the date of surrender as requested by the customer.

In case the Life Insured dies anytime after the Date of Discontinuance, the Company shall pay the Fund Value as on the date of death.

B) Surrender after five years of Effective Date of the Policy (i.e. after the completion of Lock-in Period)

The Company shall close the Unit Account and pay the Surrender Value which is equal to the Fund Value of the Units in the Segregated Fund(s) on the date of receipt of surrender request and the Policy shall terminate thereafter.

What happens when you discontinue paying the Premiums? *(not applicable to Single Pay Variant)*

A) Discontinuance of Payment of Premium during First Five Policy Years (Lock-in Period)

If the contractual Premium is not paid on its due date, Grace Period for payment from the due date of the first unpaid premium shall be allowed to the Policyholder for payment of contractual Premium without any interest or penalty. During the grace period, the risk cover under the policy will continue and all applicable charges shall be levied. If the Policyholder does not pay the due premium during the grace period, on expiry of the grace period, the fund value after deducting the applicable discontinuance charges, will be credited to the discontinuance policy fund and the risk cover and rider cover (if any) will cease. The Company shall communicate the status of the policy, to the policy holder, within a period of 3 months from the date of the first unpaid premium and provide policy holder with an option to revive the policy within a revival period of 3 years from the date of first unpaid premium. Here the 'Date of Discontinuance' would mean the date on which the Company receives the intimation from you about the Discontinuance of the policy or Complete Withdrawal (Surrender) of the policy or expiry of the grace period, whichever is earlier.
During the period up to the Date of Discontinuance, the risk cover will continue and all charges under the policy will continue to apply.

If you have either:
- exercised the option to revive the policy within the period of 3 years; or
- exercised the option to completely withdraw from the policy; or
- not paid the due premiums by the expiry of the grace Period and have not exercised any of the options mentioned above,

then, on the Date of Discontinuance, the Company will credit the Fund Value, by creation of units, into the Discontinuance Policy Fund after deducting applicable Discontinuance Charges. The risk cover under the policy will stop and no further charges will be levied by the Company other than the Fund Management Charge applicable on the Discontinuance Policy Fund, i.e. 0.5% p.a. currently.

The Company will communicate the status of the policy, within 3 months of the first unpaid premium, to the policyholder and provide the option to revive the policy within the revival period of three years.

i. In case the policyholder opts to revive but does not revive the policy during the revival period, the proceeds of the Discontinuance Policy Fund will be paid to the policyholder at the end of the revival period or lock-in period whichever is later.

In respect of revival period ending after lock-in period, the policy will remain in Discontinuance Policy Fund till the end of revival period. The Fund management charges of Discontinuance Policy Fund will be applicable during this period and no other charges will be applied.

ii. In case the policyholder does not exercise the option as set out above, the policy will continue without any risk cover and rider cover, if any, and the policy fund shall remain invested in the Discontinuance Policy Fund. At the end of the lock-in period, the proceeds of the Discontinuance Policy Fund will be paid to the policyholder and the policy shall terminate.

iii. The policyholder will also have the option to surrender the policy anytime and proceeds of the Discontinuance Policy Fund shall be payable at the end of lock-in period or date of surrender whichever is later.

During the period of discontinuance of the policy, the Policyholder shall not be allowed to exercise Switches or Partial Withdrawals

The Revival Period

In case you have chosen the option in writing to revive the policy within three years, you will have the Revival Period of three years from the Date of first unpaid premium to exercise any of the following options in writing:

On revival, the risk cover under the policy as at the Date of first unpaid premium will be restored and the Fund Value of the Units in the Discontinuance Policy Fund as at the date of revival shall be credited back into the Fund(s) chosen by you. The Discontinuance / Surrender Charges deducted will also be added back to the Unit Account.

The amount of premium paid on revival, less any Premium Allocation Charge attributable to the premium paid on revival, and according to the ratio in which the premium should be allocated in various Funds, as specified by you, will be used to purchase Units at the prevailing NAV determined as on the date of revival.

An amount equal to the Policy Administration Charge falling due between the Date of Discontinuance and the date of revival will be levied on revival by cancelling Units in the Unit Account at their NAV.

b) **Complete Withdrawal (Surrender) from the policy.**

In case Complete Withdrawal option has been exercised by you, then, on the Date of Discontinuance, the following shall be applicable:

- In case the Lock-in Period has not expired, the provisions relating to surrender of policy within the Lock-in Period shall be applicable.

- In case the Lock-in Period has expired, the provisions relating to surrender of policy after the Lock-in Period shall be applicable.

In case you do not exercise any option during the Revival Period, then at the expiry of the Revival Period, you will be deemed to have chosen to completely withdraw the policy (as per A.2.b above).

During the period up to the expiry of the Revival Period or earlier exercise of any of the above options, the policy will continue to be in Discontinuance mode with no risk cover being applicable and no further charges being levied by the Company other than the Fund Management Charge applicable on the Discontinuance Policy Fund, i.e. 0.5% p.a. currently.

In case the Life Insured dies anytime after the Date of Discontinuance, the Company shall pay the Fund Value as on the date of death.

During the period of discontinuance of the policy, the Policyholder shall not be allowed to exercise Switches or Partial Withdrawals.

Upon expiry of the grace period, the policy shall be converted into a reduced paid up policy with the paid-up sum assured i.e. original sum assured multiplied a ratio of total period for which premiums have already been paid to the "maximum period for which premium were originally payable as per the terms and conditions of the policy. The policy shall continue to be in reduced paid-up status without rider cover, if any.

All charges as per terms and conditions of the policy will be deducted during the revival period. However, the mortality charges shall be deducted based on the reduced paid up sum assured only. On such discontinuance, we will communicate the status of the policy, within three months of the first unpaid premium and provide the Policyholder the following 2 options:

a) Revive the policy within a period of 3years (from Date of first unpaid premium)
b) Complete withdrawal from the policy without any risk cover/rider cover
You will have the option to revive the paid up policy within a period of three years from the Date of first unpaid premium. The revival of the policy will, however, be subject to following conditions:

In case the policyholder does not exercise any option as set out above, the policy shall continue to be in reduced paid up status. At the end of the revival period the proceeds of the policy fund shall be paid to the policyholder and the policy shall terminate.

The policyholder will also have the option to surrender the policy anytime and proceeds of the policy fund shall be payable.
'Date of Discontinuance' means the date on which the Company receives the intimation from you about the Discontinuance of the policy or Complete Withdrawal (surrender) of the policy or expiry of grace period, whichever is earlier.

b) **Complete Withdrawal (Surrender) from the policy without any risk cover.**
In case you choose Complete Withdrawal option, the provisions relating to surrender of the policy after completion of five policy years will be applicable.

In case you do not exercise any option during the Revival Period, then at the expiry of the Revival Period, you will be deemed to have chosen to completely withdraw from the policy (as per B.2 above).

Section 45 of the insurance Act, 1938 as amended from time to time states that:

(2) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and materials on which such decisions are based.

Explanation I – For the purposes of this sub-section, the expression "fraud" means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:
a) the suggestion, as a fact of that which is not true and which the insured does not believe to be true;
b) the active concealment of fact by the insured having knowledge or belief of the fact;
c) any other act fitted to deceive; and
d) any such act or omission as the law specially declares to be fraudulent.

Explanation II – Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

(3) Notwithstanding anything contained in sub-section (2) no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that such mis-statement of or suppression of a material fact are within the knowledge of the insurer:
Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case the member is not alive.

Explanation – A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the insurer.

(4) A policy of the life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and material on which such decision to repudiate the policy of life insurance is based:

Provided further that in case of repudiation of the policy on the ground of misstatement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the date of repudiation shall be paid to the insured or the legal representatives or nominees of the insured within a period of ninety days from the date of such repudiation

Explanation – For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured.

(5) Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

Force Majeure

1. Axis Max Life Insurance shall declare a 'Single' Net Asset Value (NAV) for each segregated fund on a day-to-day basis.
2. Axis Max Life Insurances shall specify that, in the event of certain force majeure conditions, the declaration of NAV on a day-to-day basis may be deferred and could include other actions as a part of investment strategy (e.g. taking exposure of any Segregated Fund (SFIN) up to 100% in Money Market Instruments [as defined under clause (1)(8) of Part-1 of Schedule III of IRDAI (Actuarial, Finance and Investment Function of Insurers) Regulations, 2024])

3. Axis Max Life Insurance shall include the following as a part of force majeure clause in the policy document to be signed by the Policyholder:
    a. Axis Max Life Insurance shall value the Funds (SFIN) on each day for which the financial markets are open. However, the Axis Max Life Insurance may value the SFIN less frequently in extreme circumstances external to the Axis Max Life Insurance i.e. in force majeure events, where the value of the assets is too uncertain. In such circumstances, Axis Max Life Insurance may defer the valuation of assets for up to 30 days until Axis Max Life Insurance is certain that the valuation of SFIN can be resumed.
    b. Axis Max Life Insurance shall inform IRDAI of such deferment in the valuation of assets. During the continuance of the force majeure events, all request for servicing the policy including policy related payment shall be kept in abeyance.
    c. Axis Max Life Insurance shall continue to invest as per the required fund mandates. However, Axis Max Life Insurance shall reserve its right to change the exposure of all or any part of the Fund to Money Market Instruments in circumstances mentioned under points (a and b) above. The exposure of the fund as per the required fund mandates shall be reinstated within reasonable timelines once the force majeure situation ends.
    d. Few examples of circumstances as mentioned [in point 3 (a & b) above] are:
        i. when one or more stock exchanges which provide a basis for valuation of the assets of the fund are closed otherwise than for ordinary holidays.
        ii. when, as a result of political, economic, monetary or any circumstances which are not in the control of the Axis Max Life Insurance, the disposal of the assets of the fund would be detrimental to the interests of the continuing Policyholders.
        iii. in the event of natural calamities, strikes, war, civil unrest, riots and bandhs.
        iv. in the event of any force majeure or disaster that affects the normal functioning of the Axis Max Life Insurance.

In such an event, an intimation of such force majeure event shall be uploaded on the Axis Max Life Insurance's website for information.
