Get Survival Benefit of **Rs. 45,000** at the end of Year 3, 6, 9 and 12

Get Maturity Benefit of **Rs. 3,08,286** at the end of Year 15, 18, 21, 24 and 27

Provided all premiums paid and the policy is in-force

For all plan variants mentioned above, Guaranteed Addition(s) shall accrue at the end of each policy year during the policy term, if all premiums due till date have been paid.

Guaranteed Addition (GA) = GA Rate x Total Premiums paid till date excluding modal loadings.

Sum of Accrued Guaranteed Addition(s) shall become payable as a part of Maturity Benefit.

For all the Plan Variants except Mega Lumpsum, Income Booster shall become payable as a part of Maturity Benefit and is calculated as:

Income Booster = Income Booster Rate x (Total Premiums paid till date excluding modal loadings + Sum of Accrued GA(s))

Please refer to the 'Factor Rate Sheet' available on the company website for Guaranteed Addition (GA) Rate & Income Booster Rate.

Death Benefit

On death of Life Assured during the policy term, Death Benefit shall be payable as lumpsum, provided the policy is in-force and all Premiums due till date have been paid.

For all Plan Variants, Death Benefit shall be higher of:

- Sum Assured on Death
- Life Cover Multiple x Single Premium or Annual Premium (as applicable)
- Sum of
  - Total Premiums Paid till date excluding modal loadings and;
  - Sum of Accrued GA(s)

Where;

Sum Assured on Death = Life Cover Multiple x Single Premium or Annualized Premium (as applicable)

Life Cover Multiple is as below:

Premium Paying Policies	Life Cover Multiple Options
Single	1.25
Other than Single	5 or 10 (for Entry Age >= 50 years) 7 or 10 (for Entry Age < 50 years)

Life Cover Multiple chosen at inception cannot be changed during the policy term.

For other than Single Pay Policies, the Death Benefit shall be at least 105% of the Total Premiums Paid up to the date of death.

The Death Benefit shall not be less than the Surrender Value as on date of death.

For non-annual mode policies, Death Benefit shall be paid after deducting premiums due up to next policy anniversary without any interest. The Sum of Accrued GA(s) shall also consider the GA which is to be accrued in the policy year of death.

On death of the Life Assured during the Income Period, no Death Benefit shall be payable. The Nominee shall continue to receive the unpaid Maturity Benefit, if any, as per existing terms and conditions, for the remaining Income Period. However, the Nominee can opt to receive a Present Value of outstanding Maturity Benefit at Prevailing Interest Rate, as a lumpsum. Any accrued Maturity Benefit, if not already paid, shall also become payable.

Where Prevailing Interest Rate is defined as:

Prevailing Interest Rate shall not be more than the Prevailing Yield on 10 Year G-Sec with a spread of not exceeding 50 basis points.

Prevailing Yield on 10 Year G-Sec is determined as an average of weekly annualized 10-Year G-Sec yields sourced through FBIL, for Quarter 1 of that financial year, rounded to 3 decimal places.

As on 1st July'26, the Prevailing Yield on 10 Year G-Sec is 7.1% p.a. (calculated as average of weekly annualized 10 Year G-Sec yields for Quarter 1 of FY 2026-27 [i.e. from 1st April'26 to 30th June'26]). The Prevailing Interest Rate is 7.6% p.a.

The interest rate used for the calculation of Present Value is not guaranteed and shall be revised by Company, subject to necessary approvals as required by IRDAI.

On payment of Death Benefit, the policy will terminate and all rights, benefits and interests under the policy will stand extinguished.

Income Period

Income Period is the period after completion of policy term, during which the Maturity Benefit shall be payable in instalments.

You have an option to choose an Income Period from the following:

Plan Variant	Income Period (in years)
Mega Lumpsum	Not Applicable
Absolute Income	5, 10, 15, 20, 25
Guaranteed Income with Lumpsum	5, 10, 15, 20, 25, 30, 35, 40
Immediate Income	5, 10, 15, 20, 25
Consistent Money Back	6, 9, 12, 15, 18, 21, 24

You also have a choice to receive Survival and Maturity Benefit (as applicable) in various Income Payout Frequencies. However, if Save the Date Option has been chosen at inception, then the Income Payout Frequency shall be yearly and cannot be changed.

Income Payout Frequency

The policyholder can choose an Income Payout Frequency from the following:

Yearly / Half-Yearly / Quarterly / Monthly

The Income Payout Frequency needs to be chosen at the inception of the policy. Income Payout Frequency can be changed anytime during the Policy Term and Income Period. Such change shall be effective from immediate next policy anniversary.

However, if Save the Date Option has been chosen at inception, then the Income Payout Frequency shall be yearly and cannot be changed.

For other than the yearly chosen Income Payout Frequency, each applicable Survival/Maturity Benefit(s) shall be reduced by the corresponding applicable Income Payout Factor:

Mode	Modal Factors
Yearly	1
Half-Yearly	0.49
Quarterly	0.24
Monthly	0.08

The Income Payout Frequency shall be Yearly for Variant 5 – Consistent Money Back.

Save the Date Option

(For all plan variants except Mega Lumpsum)

The Survival / Maturity Benefit(s) shall be payable on policy anniversaries by default. However, you have an option to defer and receive Survival / Maturity Benefit(s) at any date between two consecutive policy anniversaries. Such chosen date shall be termed as Special Date for this purpose The policyholder can choose this Special Date only at inception, which cannot be changed thereafter. If you select this option then the Income Payout Frequency shall become yearly and each Survival / Maturity Benefit(s) payouts shall be increased for the period from the policy anniversary till the Special Date at an interest rate equal to Annualized Yield on 1

year Government security sourced through Financial Benchmarks India Pvt. Ltd. (FBIL) on 1st working day of April each year. This increase shall be calculated basis interest earned on daily basis. Any change in the formula or basis to set interest rates shall be made with necessary approvals as required by IRDAI. The current rate of interest is 5.77% per annum basis 1 year G-Sec rate as on 2nd April, 2026. This interest rate shall be reviewed annually. The last instalment of Maturity Benefit will be paid on the end date of Income Period.

Other Features & Benefits

Modal loadings for different modes of Premium

Payment Modes:

Mode	Modal Factors
Yearly	1
Half-Yearly	0.51
Monthly	0.09

Alterations

Alterations to the Plan Variant, Sum Assured (Life Cover Multiple), Premium, Premium Paying Term, Policy Term and Income Period is not allowed during the term of the policy.

The Premium Payment Mode needs to be chosen at the inception of the policy. Premium Payment Mode can be changed anytime during the Premium Paying Term and such change shall be effective from immediate next policy anniversary.

Grace Period

You get a grace period of 30 days for Yearly and Half-Yearly mode and 15 days for Monthly mode from the date of the first unpaid premium. The benefits of the policy and policy status would remain in force during the grace period.

If premium is not paid within the grace period, the policy shall lapse and have no further value, or acquire paid-up status if it has acquired a surrender value.

In case of a death claim during grace period, claim amount would be paid after deducting premiums due up to next policy anniversary without any interest. Therefore, Sum of Accrued GA(s) shall also consider the GA which is to be accrued in the policy year of death.

Surrender Value

For a Single Premium policy, Surrender Value shall become payable immediately on payment of the Single Premium.

For other than Single Premium policy, Surrender Value shall become payable after completion of first policy year provided one full year premium has been received.

> Surrender Value = Maximum [Guaranteed Surrender Value (GSV), Special Surrender Value (SSV)]
>
> GSV = Max [(GSV Factor x Total Premiums Paid) + (30% x Sum of Accrued GA(s)) - Sum of Survival benefits applicable till date of surrender, if any, 0]
>
> Surrender Value is not applicable during the Income Period.

Special Surrender Value factors have been derived at Prevailing Interest Rate (as applicable) and mortality rates. Such Prevailing Interest Rate shall not be more than the Prevailing Yield on 10 Year G-Sec with a spread of not exceeding 50 basis points.

Prevailing Yield on 10 Year G-Sec is determined as an average of weekly annualized 10-Year G-Sec yields sourced through FBIL, for Quarter 1 of that financial year, rounded to 3 decimal places.

As on 1st July'26, the Prevailing Yield on 10 Year G-Sec is 7.1% p.a. (calculated as average of weekly annualized 10 Year G-Sec yields for Quarter 1 of FY 2026-27 [i.e. from 1st April'26 to 30th June'26]). The Prevailing Interest Rate is 7.6% p.a.

Please refer to the 'Factor Rate Sheet' available on the company website for GSV Factors.

SSV is not guaranteed and shall be revised by Company, subject to necessary approvals as required by IRDAI.

Any accrued Survival Benefit, if not already paid, shall be payable along with the Surrender Value.

On payment of Surrender Benefit, the policy shall terminate and all rights, benefits and interests under the policy shall stand extinguished.

Paid-Up

For Single Pay: Not Applicable

For other than Single Pay:

Surrender Value shall become payable after compelition of the first policy year, provided one full year premium has been received. In case of non-payment of due Premiums within the Grace Period, the policy shall become paid-up with reduced benefits. If the reduced paid up policy is not revived before the end of the revival period , the policy shall continue as a reduced paid-up policy.

The Death Benefit for a paid up policy shall be at least 105% of Total Premiums Paid up to the date of death.

Following benefits are payable for a reduced paid up policy:

a. Death Benefit for a paid-up policy

Death Benefit payable on death during the policy term for paid-up policies shall be higher of:

For all Plan Variants, Death Benefit shall be higher of:

- Reduced Sum Assured on Death
- Sum of
  - Total Premiums Paid till date excluding modal loadings and
  - Sum of Accrued GA(s)

Where,

Reduced Sum Assured on Death = Sum Assured on Death x t/n

t is Total Period (in completed months) for which premiums have been paid

n is Maximum Period (in completed months) for which premiums are payable

The Death Benefit for paid-up policies shall not be less than the Surrender Value as on date of death.

On payment of Death Benefit, the policy shall terminate and all rights, benefits and interests under the policy shall stand extinguished.

b. Survival Benefit for a paid-up policy:

Reduced survival benefit payable upon Survival for a paid-up policy is as below:

For Variants Mega Lumpsum, Absolute Income and Guaranteed Income with lumpsum:

Not Applicable

For Variant Immediate Income:

Reduced GII shall be payable, at the end of each chosen Income Payout Frequency during the policy term, where;

Reduced GII = GII x t/n

For Variant 5 – Consistent Money back:

Reduced GCI shall be payable at the end of every third policy year during the policy term,

where;

Reduced GCI = GCI x t/n

Where,

t is Total Period (in completed months) for which premiums have been paid

n is Maximum Period (in completed months) for which premiums are payable

c. Maturity Benefit for a paid-up policy

Payable on survival till the end of policy term as per the Maturity Benefit sections mentioned above.

Policy Loan

The policy has loan provisions as below:

- Loan facility will be available post acquisition of Surrender Value and during the policy term, without any discrimination amongst policyholder.
- Minimum loan amount is Rs. 5,000.
- Maximum loan amount shall be 75% of Guaranteed Surrender Value less outstanding loan and accumulated interest.
- ▪ Interest rate shall be set as quarterly equivalent of (2% + annualized yield on 10 year Government security). Annualized Yield on 10 year Government security is sourced through Financial Benchmarks India Pvt. Ltd. (FBIL). Any change in this formula and basis to set interest rates shall be made with necessary approvals as required by IRDAI. (The current rate of interest applicable from 1st August 2026 is 8.90% per annum basis 10 years G-sec rate as on 30th July 2026). The frequency of reviewing loan interest rate is 6 months. The same will be reset every year on 1st February and 1st

August. Interest charged on policy loans is compounded annually.

- In the event, where outstanding loan amount plus accrued interest is higher than Surrender Value, the policy shall be foreclosed, after giving intimation and reasonable opportunity to the policyholder to continue the policy. The company shall be entitled to apply the surrender value towards the payment of total outstanding amount (outstanding loan amount + accrued interest). However, for premium paying and fully paid up policies, the company will not foreclose.
- Survival and Maturity benefits shall be first used to offset the loan amount and accrued interest. The balance shall be paid out to the policyholder.
- In the event of any claim, if the amount of loan or any portion thereof remains outstanding; the company will be entitled to deduct the outstanding loan amount and accrued interest up to the date of claim from the policy proceeds before settling the claim.

Lapse

For Single Pay: Not Applicable

For other than Single Pay:

In case of non-payment of due Premiums within the grace period for the first full policy year, the policy shall lapse and no benefits are payable.

The policy can be revived in accordance with the Revival section mentioned below.

Revival

A policy in lapse or paid up status may be revived for full benefits subject to the following conditions:

- An application for revival must be made within five consecutive complete years from the due date of the first unpaid Premium.
- Life Assured must furnish satisfactory evidence of health and satisfy other requirements subject to company's Board Approved Underwriting Policy at that time. Medical tests, if required, have to be borne by the customer at his own cost.
- The arrears of Premium together with interest are received along with the revival application. The interest on revival, if any, will be decided by the Company from time to time. The Interest if so decided shall be set as quarterly equivalent of (2% + annualized yield on 10 year Government security). Annualized Yield on 10 year Government security is sourced through Financial Benchmarks India Pvt. Ltd. (FBIL). Any change in this formula and basis to set interest rates shall be made with necessary approvals as required by IRDAI. (The current rate of interest applicable from 1st August 2026 is 8.90% per annum basis 10 years G-sec rate as on 30th July 2026). The frequency of reviewing revival interest rate is 6 months. The same will be reset every year on 1st February and 1st August. Interest charged on policy revival is compounded annually.

Such revival shall be based on the Board approved underwriting policy.

In case the policy has already acquired a paid-up value and the death of the Life Assured happens during the revival period, Death Benefit as defined under Paid-Up sectionshall be payable.

In the event of revival of the policy as per terms and conditions stated above, GA(s) corresponding to all instalment premiums paid on revival shall accrue in the policy as if the policy had continued without any break.

For Plan Variants Immediate Income and Consistent Money Back, the difference of all Survival Benefits and Reduced Survival Benefits, for the period the policy was in lapse / paid-up status, shall be payable as lumpsum on revival without any interest.

If a lapsed policy is not revived within the revival period, the Premiums already received shall be forfeited and the policy cannot be revived thereafter.

Goods and Services Tax

Goods and Services Tax and cess as applicable shall be levied as per the extant laws. The current GST rates is 0%.

Free Look Period

You are entitled to a free look period of 30 days beginning from the date of receipt of the policy document (whether received electronically or otherwise), to review the terms and conditions of the policy. In case you do not agree to any of the policy terms and conditions, or otherwise and have not made any claim, you have the option to return the policy to us for cancellation by communicating the same in writing stating the reasons for cancellation. We will refund you the premium paid after deducting the proportionate risk premium for the period of cover provided and the expenses, if any, incurred by us in respect of medical examination and stamp duty charges. All the benefits under the policy will stand extinguished immediately on the cancellation of the Policy under the free look.

Suicide exclusions

In case of death due to suicide within 12 months from the date of commencement of risk under the policy or from the date of revival of the policy, as applicable, the nominee or beneficiary of the policyholder shall only be entitled to 80% of the Total Premiums Paid till the date of death or the surrender value available as on the date of death whichever is higher, provided the policy is in force.

Child Policies

For child policies, wherein the Life Assured is minor, the date of commencement of policy and date of commencement of risk shall be same and at the vesting age of 18 years, the ownership of the policy passes to the insured person.

In the event of the death of the policyholder of a "child policy", Only Parent, Grandparent or legal guardian of the child shall act as the Policyholder until the child becomes a major. In such case the legal guardian shall then have the following options:

- Continue to hold the policy, or
- Surrender the policy.

Assignment will not be permitted in "child policies" during the time that Life Assured is a minor.

Assignment

Assignment and transfer of insurance policies will be allowed as per provisions of section 38 of the Insurance Act, 1938 as amended from time to time.

Nomination

Nomination will be allowed as per provisions of section 39 of the Insurance Act, 1938 as amended from time to time. Please refer to the Annexure B for further details.

Renewal Premium in Advance

Collection of renewal premium in advance shall be allowed within the same financial year for the premium due in that financial year. Provided, the premium due in one financial year may be collected in advance in earlier financial year for a maximum period of three months in advance of the due date of the premium.

The renewal premium so collected in advance shall only be adjusted on the due date of the premium.

The commission shall only be paid after adjustment of premium on due date.

Prohibition of Rebate

The Insurance Act, 1938 prohibits an agent or any other person from passing any portion of his commission to the customer, whether as incentive or rebate of premium. Section 41 of the Act states:

> No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take out or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.
>
> Any person making default in complying with the provisions of this section shall be liable for a penalty which may extend to ten lakh rupees.

Fraud, Misstatement and suppression: Fraud, Misstatement and suppression would be dealt with in accordance with provisions of Section 45 of the Insurance Act 1938 as amended from time to time.
