This is known as top-up premiums, and they will be treated in the same way as other premiums and will form part of the Fund Value.

6. Non-Payment and Grace Period

In case you fail to pay your premium within the Grace Period, then the Policy will be automatically converted to a Discontinued Policy or a Paid-Up Policy. The treatment of a Discontinued Policy or Paid-Up Policy is below.

7. Loyalty Benefits

1. Loyalty Additions

At the end of every year from the tenth (10th) Policy Year, a percentage as provided below of the last three (3) years average Fund Value will be infused till the Date of Maturity, as long as all due premiums under the Policy have been paid.

There will be no infusion of Loyalty Additions in the Top -Up Fund Value.

2. Return of Mortality Charges (ROMC)

Any Mortality Charges deducted will be added to the Fund Value in the same proportion it is distributed in each fund. ROMC will not be available on top-up premiums. At the end of the Fifteenth (15th) Policy Year, this benefit will be added to the Fund Value for each variant as under:

For Variant 1 – Classic

The GWB benefit will be the adding of all the Premium Allocation Charges deducted till date.

For Variant 2 – Elite

The GWB will be calculated by accumulating the Premium Allocation Charges deducted till date at a guaranteed rate of 7% compounded annually.

This benefit will not be available if the policy is Surrendered or Discontinued. Units will be infused into the Funds in the same percentage that the Fund Value is as distributed in the respective Funds.

4. Fund Maintenance Booster

From the fourth Policy Year, if the Fund Value dips below one Policy Year's worth of Premium, a Fund Maintenance Booster (FMB) will be added to the Fund Value. The FMB will be calculated at the start of each month after the Premium has been paid and will be calculated by deducting the Fund Value on the date of the addition from one Policy Year's worth of Premium. Units will be infused into the Funds in the same percentage that the Fund Value is as distributed in the respective Funds. FMB will not be available for Surrendered, Discontinued or Paid-Up Policy and will not be added during a Grace Period.

5. Benefit Enhancer

If this Policy is purchased in combination with a product offering a Benefit Enhancer ("Companion Product"), then notwithstanding that you may not otherwise qualify under the Family Benefit definition set out in this Policy, the Family Benefit will be made available to you, subject to the terms and conditions of the Companion Product and only for so long as both this Policy and the Companion Product are in force. Part D
Servicing of your Policy and Options offered

8. Free Look Period

You shall be provided a Free Look Period of

30 days beginning from the date of receipt of Policy document, whether received electronically or otherwise, to review the terms and conditions of such policy, except if tenure of the policy is less than a year. In the event You disagree to any of the Policy terms or conditions, or otherwise and have not made any claim, you shall have the option to return the Policy to the us for cancellation, stating the reasons for the same within 30 days from the date of receipt of the Policy whether received electronically or otherwise. On receipt of your request, we shall arrange to refund the value of Units allocated to you on the date of receipt of request plus any unallocated part of the premium and charges levied by cancellation of Units, subject to deduction of proportionate risk premium for the period of cover, the expenses incurred by us on medical examination (if any) and stamp duty charges

9. Discontinued and Paid-Up Policies

On non-payment of premiums, and after the grace period, we will treat the Policy as under:

a. Non-Forfeiture

If premiums have been discontinued during the first five (5) Policy Years and the Grace Period has expired, then the Policy will be termed as a Discontinued Policy and the Fund Value will be transferred to the Discontinued Policy Fund.

If premiums have been discontinued after the first five (5) Policy Years and the Grace Period has expired, then the Policy will be termed as a Paid-Up Policy. In the event the Life Assured dies when the policy is Paid-Up Policy, the Death Benefit payable will be higher of Fund Value or 105% of all Premiums paid or the Sum Assured amount reduced to the extent of the Premium received till date of death. We will calculate the reduced Sum Assured by multiplying the existing Sum Assured against the number of Premiums actually paid divided by the number of Premiums payable as per the Schedule. All charges as per the terms and conditions of the policy will be deducted.

In both cases, the Company shall intimate the Policyholder within three (3) months from the date of the first unpaid premium and provide an option to Revive the Policy in the manner provided below or provide an option to immediately Surrender the Policy. You will have to let us know which option you choose in writing.

b. Revival

In case you were unable to pay premiums towards the Policy, here is a way to revive it. A Policy may be revived within 3 years from the date of non-payment of premium. Revival will require paying the arrears of premiums due under the Policy. You may also require undergoing Medical Examinations, at your expense. After all parameters have been considered, the Policy may either be:

1. Revived with the same premium amount and terms and conditions; or
2. Revived with different premium amounts and same terms and conditions; or
3. Refused revival and all amounts paid for the revival shall be refunded.

This is entirely dependent on underwriting guidelines and the discretion of the Company.

If the Policy is revived, then in such case, on revival, the Fund Value will be moved to the chosen funds and Units will be repurchased at the value as on the date of revival. If the Fund Value was transferred to the Discontinued Policy Fund, the same will be transferred back to the chosen funds and the units will be repurchased at the value as on the date of revival.

c. Automatic Surrender

In respect of Discontinued Policies, in the event you chose to opt for Surrender of the Policy, or you do not inform us of your chosen option, in such case, the Policy will be automatically surrendered

at the end of the revival period and Surrender Value will be paid.

10. Foreclosure

In case if the Fund Value after three (3) Policy Years falls drops below One (1) Premium amount (excluding any taxes, rider premiums, extra premium on the rider, if any) for regular Premium Payment Frequency, then in such cases, the Policy will be Foreclosed.

In case of Foreclosure, you will first be given an option to keep the Policy running by paying any due premiums or Top-Up Premiums. If you chose not to pay any premiums or Top-Up Premiums, then the Policy will be Surrendered and the applicable surrender value paid to you as per applicable surrender terms.

11. Surrender

You can surrender the Policy at any time. If you surrender your Policy during the first five (5) Policy Years, the Fund Value will be moved to Discontinued Policy Fund and the amount will be paid out after the end of the Lock-In Period after deducting the relevant Surrender Charges. No benefits will be available during the Lock-In Period.

If you surrender your Policy after the first five (5) Policy Years, Fund Value as on date of surrender will be paid.

12. Claim Process

We will continue to do all we can to ensure all claims we receive are honoured on time, every time! As Life Goals enablers, it is the moment of truth for each of us in the Company. To help us make this a seamless process, kindly make a note of the following, and update the nominee as well. Death Benefits are only payable if an intimation, has been received by us along with:

a. Written Notice of Intimation of Death;
b. Original Death Certificate;
c. Medical cause of death certificate;
d. If death is due to unnatural causes, copy of FIR (First Information Report) and PMR (Post-Mortem Report);

Any other documents that may be requested on intimation of death of the Life Assured for investigations or otherwise by the Company.

13. Termination

Policy would terminate

a. if all Benefits are paid as per the terms of the Policy;
b. On Surrender;
c. On Repudiation as per the provisions of Section 45 of the Insurance Act, 1938;
d. End of Revival period;
e. On Maturity; and/or
f. on opting for freelook cancellation.

14. Options and Flexibilities

You can choose to avail any of the below options at any time. However, we may at our discretion discontinue one or all of these options with prior intimation to you. If any of the options are active and selected before discontinuation, they will continue but cannot be added back thereafter.

For All Variants

a. Partial Withdrawal (Non-Systematic)

The policyholder can make partial withdrawals from the fund any time after the lock-in period, subject to a minimum withdrawal of ₹5,000. Withdrawals are made on a First In First Out basis, starting with Top-Up premiums, each having a 5-year lock-in. The fund balance must not fall below three (3) times the Premium. No charges apply. Withdrawals cannot lead to policy foreclosure. Minors can withdraw only after 18. In investor-selectable strategy, fund choice is available, but in other strategies, withdrawal is proportional across funds. Units are redeemed at prevailing NAV. The company may change terms with 3 months' notice and IRDAI approval.

b. Option to Pay Top-Up Premium

Policyholders may pay additional Top-Up premiums (min ₹5,000) anytime except the last 5 years, provided all dues are cleared. Top-Ups are treated

as single premiums and determine the Top-Up Sum Assured (1.25x Top-Up premium). The Death Benefit payable in respect of top-up premiums paid under the Policy will be higher of Top-up Sum Assured or Top-up Premium Fund Value. Each Top-Up has a 5-year lock-in unless the policy is surrendered. Top-Up premiums are not permitted once death claim is triggered. The company may reject Top-Ups based on underwriting policy and may revise the minimum amount with IRDAI approval.

c. Option to change Premium Payment Period (PPP)

Policyholders can change the PPP after paying premiums for the first 5 policy years and before the current PPP ends. This change is allowed only if the new term combination is available under the plan and must comply with the underwriting policy. The option can be exercised only once and is not available in premium discontinuance cases.

d. Option to increase Policy Term

Policyholders can increase their policy term any time during the policy duration, as long as the new term is available under the product. The increase must be requested at least one month before current policy term ends and is subject to underwriting approval.

e. Option to reduce Premium Amount

After 5 years, policyholders may reduce the premium by up to 50%, subject to the product's minimum premium. Once reduced, the premium cannot be increased. Sum Assured is reduced accordingly, and a miscellaneous charge applies.

f. Settlement Options

On maturity or death, policyholders or nominees can choose to receive the benefit in instalments spread over a maximum period of 5 years. Policyholders or nominees can choose the frequencies of the instalments. If this option is chosen the Death Benefit will be infused into the same Funds in the same proportion as on the date of death. In case of maturity, the Maturity Benefit continues to be invested in the same funds. The first instalment will be due as on the date of maturity or the date of intimation of death, as applicable. The amount paid out to the policyholder/ nominee in each instalment will be the outstanding fund value as at that instalment date divided by the number of outstanding instalments, hiked-up by 0.5%. The risk cover will continue if the settlement option is in respect of Maturity but not if the settlement option is for the payment of Death Benefit. In the event of Death during the settlement period a lump sum payout, which will be the higher of 105% of total premiums paid or outstanding fund value shall be payable. Fund management charge would be adjusted in the unit price and mortality charge shall be deducted through the redemption of Units from the funds during the period of the settlement option. No rider cover or partial withdrawals allowed. Switching between funds is allowed, and investment risk remains with the policyholder. Full withdrawal is permitted during the settlement period.

g. Alteration of Premium payment Frequency

Policyholders can alter the premium frequency any time if the old and new frequencies can align and meet the minimum premium condition. A miscellaneous charge will apply for this change.

Only for Variant 1 – Classic

h. Option to decrease Sum Assured

Sum Assured can be decreased (but not increased later) at any policy anniversary if all dues are paid and minimum limits are met. Death benefit, mortality charges, and prevailing Sum Assured adjust accordingly. A miscellaneous charge applies, and the premium amount remains unchanged.

Decrease is not allowed in premium discontinuance mode.

Only For Variant 2 - Elite

i. Smart Retire Income (SRI)

This option needs to be chosen when applying for the Policy and will be only available when your Premium Payment Period is less than your Policy Period. If chosen, SRI allows for the Sum Assured to be revised to ten times the Premium at the end of the Policy Year when you attain the age of 60 years or when the Policy completes 20 Years. It will then allow you to withdraw a fixed percentage (1% to 6%) of the fund value in monthly, quarterly, bi-annual or annually frequencies. The frequency can be changed at any time. Each instalment is paid in advance and proportional to fund value. FIFO basis applies for Top-Up withdrawals, each having a 5-year lock-in. Fund values must not fall below three times the Premium for regular premium, else SRI is discontinued. SRI can be resumes after you revise the percentage. No charges apply. Withdrawals are proportional across funds in non-investor strategies. Policyholder has fund choice under investor strategy. Conditions may be varied with IRDAI approval. The fund balance must not fall below three (3) times the Premium. No charges apply. Withdrawals cannot lead to policy foreclosure.

16. Portfolio Strategies

a. Automatic Transfer Portfolio Strategy
