The values shown in the scenario above are without GST and for illustration purpose only. The above illustration is for non-smoker and healthy male. If your policy offers guaranteed returns, then these will be clearly marked “guaranteed” in the Benefit Illustration. Since your policy offers variable returns, the given illustration shows different rates of assumed future investment return based on assumed investment returns of 8% and 4%. These are not guaranteed returns and are not the upper or lower limit of what one might get in this policy. The maturity benefit of your policy is dependent on a number of factors, including future performance.
