Wealth Plus Option

Benefit Illustration –

Devansh is 35 years old and wants a corpus built for his retirement. He wishes to invest in a plan that would help him with the same. He chooses PNB MetLife Smart Platinum Pro Plan – Wealth Plus Option and opts to pay a premium for 10 years of Rs. 1,00,000 till age 80 years (Policy Term of 45 years). He chooses India Opportunities Fund.

Above mentioned values are for illustration purpose only and are derived assuming that the male life is healthy and a non-smoker. If your policy offers guaranteed returns, then these will be clearly marked "guaranteed" in the Benefit Illustration. Since your policy offers variable returns, the given illustration shows different rates of assumed future investment return based on assumed investment returns of 8% p.a and 4% p.a. These are not guaranteed returns and are not the upper or lower limit of what one might get in this policy. The maturity benefit of your policy is dependent on a number of factors, including future performance. Fund Boosters is payable every year starting from the end of 15th Policy Year.

Plan at a glance
