In case of Single Life Annuity, Annuitant will be the primary person entitled to receive the Annuity Benefits.

In a Joint Life annuity, the Primary Annuitant will be the primary person entitled to receive the annuity payments. In the event of death of the Primary Annuitant, the Secondary Annuitant will be entitled to receive the annuities. However, the annuity payments will continue for as long as either of the annuitant is alive and the death benefit (as applicable) will be payable on later of the deaths of the two annuitants.

The secondary annuitant can be the spouse/children/parents/parents-in-law or siblings of the primary annuitant. Other relationships maybe considered as long as there is an insurable interest^ between the annuitants.

In case of Joint Life annuity, the annuity payments will continue for as long as either of the annuitant is alive and the death benefit (as applicable) will be paid on later of the deaths of the two annuitants.

You can choose any one of the four annuity options at inception. Plan option once selected cannot be changed. The annuity rate will be guaranteed at the inception of the plan.

For NPS subscribers purchasing annuity from NPS exit proceeds, only immediate annuity options are permissible. In addition, variants such as Single pay deferred and Limited Pay are not open for sale for NPS subscribers

premiums will be utilized to purchase an annuity contract afresh for living dependent parents (if any) as per the order specified below:

available under Plan option "Life Annuity with Return of % of Total Premiums Paid".

This feature is not applicable for Policies sourced under NPS.

The terms and conditions for exercising the option will be as follows:

- This option can be exercised only after completion of the 5 years from the first annuity payout
- This option will be allowed for a maximum of 3 times throughout the contract term
- Total lumpsum benefit that can be availed through this option, cannot exceed 60% of the total premiums paid.

- In case this option is exercised, the lump sum is paid immediately and annuity payment for the advance annuity period will continue for the balance amount ((1-x%) of the annuity payable) starting from the next policy anniversary. E.g. If a customer selects to advance full payments (x=100), there won't be any annuity payable during the advance annuity period. However, in case someone selects to advance part of the payments (x=40, say), annuity payments would continue during the advance annuity period for an amount equal to 60% of the annuity payable.
- The annuity payment during the policy year of exercising this option will continue to be payable as and when due.
- Once the advance annuity period ends, the annuity payment will resume as per the original terms and conditions.

- The Advance Annuity Amount will be calculated as per the below formula:
  Advance Annuity Amount = Discount Factor x Annuity Instalment x Number of Annuities payable in advance annuity period x Proportion of Annuity (x%)

Where x% can be between 1% to 100%. The interest rate used to calculate the Discount Factor is linked to the average pricing interest rate. Any change in the interest rate used to calculate the Discount Factor shall be with prior approval from IRDAI.

- Advance Annuity Period will start from the next policy anniversary after the option is exercised.
- In case the surviving annuitant surrenders or dies during the Advance Annuity period, the surrender or death benefit will be adjusted by the remaining advanced annuity amount already paid. Where,

- All loans within the permissible limits will be the difference between maximum permissible loan amount and any outstanding loans including accumulated interest, if any. All outstanding loans and interest thereon, shall be deducted from any benefits payable under the policy. The current compounding interest rate on loan is 9.5% p.a.
- The maximum loan amount that will be advanced at any one time or more than one time shall not exceed 80% of the available surrender value at that point of time and provided that the amount of the loan is not less than Rs.1,000.
