(i) the Basic Sum Assured Less partial withdrawals made during the two-year period immediately preceding the death of the life assured, or

(ii) the Regular / Single Premium Fund Value of this Policy or

(iii) 105 percent of the total Regular / Single Premiums received up to the date of death Less partial withdrawals made during the two-year period immediately preceding the death of the life assured

In addition to this:

Highest of

(i) the approved Top-Up Sum Assured(s) or

(ii) Top-Up Premium Fund Value of this Policy or

(iii) 105 percent of the total Top-up premium paid up to the date of death.

is also payable provided the Policyholder has a Top-Up Premium Fund Value. The policy shall terminate on the death of Life Insured.

2. Future Secure

In case of death of the insured during the policy term while the policy is in force, the nominee shall get a lumpsum benefit (as described below) immediately on death and the policy shall continue till the end of the policy term. Additionally, the Company shall fund all future due premiums after the date of death of the Life Insured.

On each future premium due date(s), the Policyholder shall be required to choose one of the following sub-options at Policy inception (cannot be altered thereafter), and such choice shall be applicable throughout the Policy Term:

a) **Classic**

In the event of death of the Life Insured, the Company shall fund all future due premiums payable under the Policy, as and when premium become contractually due, after the date of death of the Life Insured,.

b) **Prime**

In the event of death of the Life Insured, the Company shall fund an amount equal to two times the future due premiums payable under the Policy, as and when premium become contractually due, after the date of death of the Life Insured.

c) **Ultima**

In the event of death of the Life Insured, the Company shall fund an amount equal to three times the future due premiums payable under the Policy, as and when premium become contractually due, after the date of death of the Life Insured.

For the Prime and Ultima sub-options, the policyholder has the option of taking the additional premium amount funded relative to Classic sub-option following the death of the Life Insured (i.e. one times future due premiums for Prime and two times future due premiums for Ultima) as income to the Nominee, in place of being credited to the Policyholder Account and invested in accordance with the prevailing fund allocation.

The future due premium funded by the Company and credited to the Policyholder Account, or paid as Income, shall be subject to deduction of the applicable Premium Allocation Charge, if any, before allocation of units.

The lumpsum benefit shall be:

Highest of,

(i) the Basic Sum Assured Less partial withdrawals made during the two-year period immediately preceding the death of the life assured, or

(ii) 105 percent of the total Regular/Single Premiums received up to the date of death

(i) the approved Top-Up Sum Assured(s) or

(ii) 105 percent of the total Top-up premium paid up to the date of death.

is also payable provided the Policyholder has a Top-Up Premium Fund Value.

The following condition shall apply on death of Life Insured:

- The Fund Value including Top up Fund Value, if any, will remain invested in the respective funds and portfolio strategies as on date of death of the Life Insured.

- Only the Fund Management Charge and Policy Administration Charge will be levied. Life Insurance Cover will not apply and mortality charges will not be deducted.
- The Nominee will be allowed to make Partial Withdrawals during the policy Term (subject to completion of lock-in period) and perform fund switches. The nominee will not be able to surrender the policy before completion of the premium payment term. No other policy alterations will be allowed, i.e. the nominee will not be eligible for redirection of premium, effecting a change in portfolio strategy, paying top up premiums, opting for settlement option.

3. Family Secure

In case of death of the insured during the policy term while the policy is in force, the nominee shall get a lumpsum benefit (as described below) immediately on death and the policy shall continue till the end of the policy term. The nominee shall also get 1% of the Basic Sum Assured as guaranteed regular income per month till the end of Policy Term subject to a minimum period of 36 months and a maximum period of 120 months from date of death of the life insured. The effective date of the first income payout shall be on the monthly anniversary immediately following the date of death.

Additionally, the Company shall fund all future due premiums after the date of death of the Life Insured.

On each future premium due date(s), the Policyholder shall be required to choose one of the following sub-options at Policy inception (cannot be altered thereafter), and such choice shall be applicable throughout the Policy Term:

a) **Classic**

In the event of death of the Life Insured, the Company shall fund all future due premiums payable under the Policy, as and when premium become contractually due, after the date of death of the Life Insured,.

b) **Prime**

In the event of death of the Life Insured, the Company shall fund an amount equal to two times the future due premiums payable under the Policy, as and when premium become contractually due, after the date of death of the Life Insured.

c) **Ultima**

In the event of death of the Life Insured, the Company shall fund an amount equal to three times the future due premiums payable under the Policy, as and when premium become contractually due, after the date of death of the Life Insured.

For the Prime and Ultima sub-options, the policyholder has the option of taking the additional premium amount funded

relative to Classic sub-option following the death of the Life Insured (i.e. one times future due premiums for Prime and two times future due premiums for Ultima) as income to the Nominee, in place of being credited to the Policyholder Account and invested in accordance with the prevailing fund allocation.

The future due premium funded by the Company and credited to the Policyholder Account, or paid as Income, shall be subject to deduction of the applicable Premium Allocation Charge, if any, before allocation of units.

The lumpsum benefit shall be:

Highest of,

(i) the Basic Sum Assured Less partial withdrawals made during the two-year period immediately preceding the death of the life assured, or

(ii) 105 percent of the total Regular/Single Premiums received up to the date of death

In addition to this:

Highest of

(i) The approved Top-Up Sum Assured(s) or

(ii) 105 percent of the total Top-up premium paid up to the date of death.

is also payable provided the Policyholder has a Top-Up Premium Fund Value.

The following condition shall apply on death of Life Insured:

- The Fund Value including Top up Fund Value, if any, will remain invested in the respective funds and portfolio strategies as on date of death of the Life Insured.
- Only the Fund Management Charge and Policy Administration Charge will be levied. Life Insurance Cover will not apply, and mortality charges will not be deducted.
- The Nominee will be allowed to make Partial Withdrawals during the policy Term (subject to completion of lock-in period) and perform fund switches. The nominee will not be able to surrender the policy before completion of the premium payment term. No other policy alterations will be allowed, i.e. the nominee will not be eligible for redirection of premium, effecting a change in portfolio strategy, paying top up premiums, opting for settlement option.
- In case of death of Life Insured with less than 36 months left till the end of Policy Term, there will be a Lump Sum payment of remaining instalments (sum of 36 instalments less monthly instalments already paid) as the last monthly payout at end of the Policy Term.
- At any time during the income period, the nominee also has an option to receive the commuted value of the future income benefit stream as a lumpsum, discounted at the 10-Year GSec yields prevailing at the time of commutation + 2%.

Juvenile Provision

In case of Juvenile i.e., where the Insured is less than 18 years of age, all rights relating to the Policy shall vest with the Policyholder. All rights and interests of the Policyholder in the Policy shall cease when the Insured has attained 18 years of age and is alive whereupon the Insured shall become the policyholder of the Policy and only the Insured as new policyholder of the Policy can exercise all rights, entitlements and options provided under the Policy. If any of benefits, under this product; becomes payable under the Policy before the Insured attains 18 years of age, such benefit shall be payable to the policyholder. The risk on the juvenile's life will commence immediately from the date of risk acceptance.

*Some benefits are guaranteed, and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits, then these will be clearly marked "guaranteed' in the illustration table on this page. If your policy offers variable benefits, then the illustrations on this page will show two different rates of assumed future investment returns. Currently the gross investment returns are stipulated as 4% p.a. and 8% p.a. These assumed rate of return are not guaranteed and these are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including actual future investment performance

No Goods and Service Tax shall be applicable on Individual life insurance products as per prevailing laws. Tax laws are subject to amendments from time to time

Partial Withdrawal Benefit

Subject to policy being in force (including when the policy is reduced paid up), Partial Withdrawal is allowed any time after five policy anniversaries from Regular/Single Premium fund value from the date of issuance of the policy. Under this facility, the policyholder can also opt for Systematic Withdrawal Plan (SWP), Chosen-rate Withdrawal Plan (CWP) and Index based Withdrawal Plan (IWP).

- Partial withdrawals shall be made first from the Top-Up Premium Fund which has completed the lock in period and then from Regular Premium Fund or Single Premium Fund, whichever is applicable, if Top-Up Fund is insufficient.
- For the purpose of partial withdrawals, lock in period for the Top-up premiums will be five years or any such limit prescribed by IRDAI from time to time.
- The minimum amount that can be withdrawn is 1,000/- subject to Total Fund Value (Regular + Top Up Fund) post

such withdrawals not being less than an amount equivalent to two years' Annualised Regular Premiums in case of Regular/Limited Pay or 5% of Single Premium in case of Single Pay.

- Partial withdrawal is allowed only after insured attains 18 years of age.
- Any number of partial withdrawals can be made in a policy year and no charges shall be levied for making the partial withdrawals.
- The partial withdrawals shall not be allowed if it would result in termination of the contract.

Create a passive income source with Smart withdrawal options:

1) Systematic Withdrawal Plan (SWP):

This partial withdrawal facility allows policyholder to withdraw from the fund at pre-determined intervals. Such withdrawals can be a pre-determined percentage of the fund value or a pre-determined absolute amount.

For example, if the policyholder chooses 6% of the fund value to be withdrawn yearly, then an amount equal to 6% of the fund value would be paid as per the specified payout frequency.

Following conditions shall apply on SWP:

- The policyholder has option to choose the percentage ranging from 0% to 12%.
- This facility can be opted at policy inception or anytime during the policy term. The policyholder may modify or opt-out of the facility by notifying the Company at least 30-days prior to the policy anniversary. Policyholder may choose to opt-in again as per the requirements on a later date.
- It is allowed only after five policy anniversaries from the date of issuance of the policy.
- The payouts can be taken monthly, quarterly, half-yearly, yearly or on specified date(s). The first payout will be made on the withdrawal start date as chosen by the policyholder.
- In case of Wealth Secure - retirement option, if the policy holder has not setup any default SWP, then from age 60 at 0.42% per month a default Systematic Withdrawal Plan (SWP) feature will be setup for the user
- All conditions applicable for partial withdrawals such as minimum and maximum withdrawal amount, age, etc. will be applicable for Systematic Withdrawal Plan as well. Both SWP and partial withdrawal can be availed simultaneously provided the fund value in any given year is not less than two years' annualized premiums for Limited/ regular pay and 5% of single premium paid for single pay.

2) Chosen-rate Withdrawal Plan (CWP)

Under this partial withdrawal facility, a payout, as per the payout frequency chosen, will be processed in case the performance of the fund(s) where policyholder has invested their premium is higher than the chosen rate of return by the policyholder.

For example, if the actual fund value on the date of withdrawal is more than the fund value basis the chosen rate of return , then the positive difference between the two fund values shall be paid out to the policyholder. If the actual fund value is less than the fund value basis the chosen rate, then no payout shall be processed.

The following conditions shall apply on CWP:

- o The T&Cs applicable to SWP, shall be applicable to CWP. Both SWP and CWP can not be opted together.
- o Both CWP and partial withdrawal can be availed simultaneously provided the fund value in any given year is not less than two years' Annualized premiums for Limited/ regular pay and 5% of Single premium paid for single pay

3) Index based Withdrawal Plan (IWP)

This option works similar to CWP. But instead of choosing a rate of return, the policyholder can link rate of return to an external index. If the performance of the fund(s) where policy holder has invested their premium in is higher than their index based return, then the positive difference between the two fund values shall be paid out to policy holder as per the payout frequency chosen.

The policyholder shall have an option to choose from a list of indices such as:

1) Compound Annual Growth Rate (CAGR) of benchmark fund as on date of withdrawal
2) 10-year G-Sec rate dated 1st April of each year as published by M/s. Financial Benchmarks India Pvt Ltd shall be applicable during the period of twelve months, beginning 1st May of the relevant financial year.
3) SBI's Savings A/c rate basis April 1 of the relevant year shall be applicable during the period of twelve months, beginning 1st May of the relevant financial year
4) SBI's 5-year term deposit rates basis April 1 of the relevant year shall be applicable during the period of twelve months, beginning 1st May of the relevant financial year
5) CPI Inflation rate as published by mospi.gov.in for March shall be applicable during the period of 12 months, beginning 1st May of the next financial year.

The following conditions shall apply on IWP:

- o The list of indices shall be specified by the company from time to time. The policyholder shall have the

flexibility to change the index by notifying the company at least 30 days prior to the policy anniversary.

- The T&Cs applicable to SWP, shall be applicable to IWP as well.
- Both IWP and partial withdrawal can be availed simultaneously provided the fund value in any given year is not less than two years' annualized premiums for Limited/ regular pay and 5% of single premium paid for single pay.

Note: Only one plan out of SWP/CWP and IWP can be chosen by the policyholder. However, partial withdrawal can be availed along with any of the above plans provided all the conditions are being met.

Equity Derivative for Hedging Purpose:

While creating a diversified portfolio helps reduce stock specific risks, however, to protect the portfolio returns from systematic risks the fund may resort to hedging through Index/Stock Futures or Index/Stock options as stipulated by IRDAI. This would help to reduce market risk and volatility for policy holders.

Illustration of Futures:

Assume a portfolio of ₹ 55lakh. If we anticipate volatility in the markets, we may hedge the portfolio with Index futures as per IRDAI guidelines. For example, we hedge the portfolio by selling Index futures of Nifty50.

Let's say the current of Nifty50 is 22000 and the lot size is 50, Hence, the value of 1 lot of Nifty50 is (22000*50) = ₹11,00,000.

Since we are holding a long position in the stock portfolio, we will have to take an opposite position to hedge it.

- Therefore, sell 1 lot of Nifty50 Index futures worth ₹11,00,000
- The remaining ₹(55,00,000 – 11,00,000) = ₹44,00,000 remains unhedged.

Now say the market falls by 10% and as a result, the Index Futures also falls by 10%. Now let us assume that the value of the portfolio also falls by 10%.

Hence,

- Loss from portfolio = (10% of ₹55,00,000) = ₹ 5,50,000.
- Profit from the short position in Index Futures = (10% of 11,00,000) = ₹1,10,000.
- Hence the overall loss gets reduced to ₹(5,50,000 – 1,10,000) = ₹4,40,000. This was only possible because the portfolio was carefully hedged with Index Futures before the market crash.

Similar illustration would be applicable in the case of selling stock futures.

Illustration of stock options:

Assuming a scenario wherein we are long on a particular stock "A" in the cash market. The price is ₹200 and we are holding 10000 shares of the same which amounts to a portfolio of ₹20,00,000.

Due to uncertainty in the market, we expect adverse impact on the stock price. As per IRDAI guidelines we can buy a put option of that stock in the derivatives market.

Let's understand with 3 cases:

We initially assumed that we bought the stock for ₹200 in the cash market.

Case1: The stock price moves up to ₹220

In such a situation, we make a profit of ₹20 in the cash market since we had purchased the stock at a price of ₹200. However,

we shall lose the money which we paid to buy Put options which is ₹5 giving us a net profit of ₹15.

Case2: The stock price falls to ₹180

In such a scenario, we shall have a loss of ₹20 in the cash market and make a profit of ₹20 in the derivatives market. Thereby making a net loss of ₹5 which is the premium paid initially to buy the Put options.

Case3: The stock price remains unchanged at ₹200

In the 3rd case, we shall have no gain or loss in the cash market. However, we shall lose the money paid as a premium essentially making a net loss of ₹5.

Similar illustration will be applicable in case of selling an Index option.

We will be abiding by the exposure limits as prescribed by IRDAI guidelines.

Although the funds are open ended, the Company may, as per Board approved policy and subject to prior approval from IRDAI, completely close any of the funds. You will be given at least three months' prior written notice of our intention to close any of the Funds completely or partially except in 'Force Majeure', where the company may give a shorter notice.

In case of complete closure of a Fund, on and from the date of such closure, Tata AIA Life Insurance shall cease to issue and cancel units of the said Fund and cease to carry on activities in respect of the said Fund, except such acts as are required to complete the closure. In such an event if the Units are not switched to another Fund by you, Tata AIA Life Insurance will switch the said units to any other appropriate Fund with similar characteristics as per Board approved policy, with due weightage for the respective NAVs at the time of switching,.

The NAV of the segregated funds shall be computed as:

Market value of investment held by the fund + value of current assets - (value of current liabilities and provisions, if any)

Number of units existing on Valuation Date (before creation/redemption of units)

The various funds offered under this product are the names of the funds and do not in any way indicate the quality of these funds, their future prospects and returns

In case of exceptional circumstances/force majeure events, investment in Cash / Money Market Instruments in all above funds may go up to 100%, subject to prior approval of IRDAI. Exceptional circumstances may include:

- when one or more stock exchanges which provide a basis for valuation of the assets of the fund are closed otherwise than for ordinary holidays.
- when, as a result of political, economic, monetary or any circumstances which are not in the control of the Company, the disposal of the assets of the fund would be detrimental to the interests of the continuing policyholders.

- in the event of natural calamities, strikes, war, civil unrest, riots and bandhs.
- in the event of any force majeure or disaster that affects the normal functioning of the Company

FORCE MAJEURE PROVISIONS

a) The Company shall value the Funds (SFIN) on each day for which the financial markets are open. However, the Company may value the SFIN less frequently in extreme circumstances external to the Company i.e. in force majeure events, where the value of the assets is too uncertain. In such circumstances, the Company may defer the valuation of assets for up to 30 days until the Company is certain that the valuation of SFIN can be resumed.

b) The Company shall inform IRDAI of such deferment in the valuation of assets. During the continuance of the force majeure events, all request for servicing the policy including policy related payment shall be kept in abeyance.

c) The Company shall continue to invest as per the fund mandates as chosen by You. However, the Company shall reserve its right to change the exposure of all or any part of the Fund to Money Market Instruments [as defined under Regulations 2(j) of IRDAI (Investment) Regulations, 2016] in circumstances mentioned under points (a and b) above. The exposure to of the Fund as per the fund mandates as chosen by You shall be reinstated within reasonable timelines once the force majeure situation ends.

d) In such an event, an intimation of such force majeure event shall be uploaded on Our website for information.

Discontinued Policy Fund:

The investment objective for Discontinued Policy Fund is to provide capital protection and a minimum return as per regulatory requirement with a high level of safety and liquidity through judicious investment in high quality short-term debt. The strategy is to generate better returns with low level of risk through investment in fixed interest securities having short term maturity profile. The risk profile of the fund is very low. There is a minimum guarantee of interest @ 4% p.a. or as prescribed by IRDAI from time to time

These combined units in the chosen debt oriented fund will be systematically transferred on a monthly basis to the chosen equity oriented fund. All your future allocable premiums will also follow the same pattern as long as Enhanced SMART is active on your plan. Switching to/from the Enhanced SMART funds to other available funds is not allowed.

Thus, while the stock market remains volatile and unpredictable, Enhanced SMART strategy offers a systematic way of rupee cost averaging. However, all investments through this option are still subject to investment risks, which shall continue to be borne by you.

A portion of total units in the chosen debt oriented fund shall be switched automatically into the chosen equity oriented fund in the following way:

Monthly Enhanced SMART

Policy Month 1	1/12 of the units available at the beginning of Policy Month 1
Policy Month 2	1/11 of the units available at the beginning of Policy Month 2
.....	
Policy Month 6	1/ 7 of the units available at the beginning of Policy Month 6
.....	
Policy Month 11	½ of the units available at the beginning of Policy Month 11
Policy Month 12	Balance units available at the beginning of Policy Month 12

The following are the notable features of Enhanced SMART: -

- Enhanced SMART can be availed by you, exercisable at policy inception or on any policy anniversary. A written request to commence, change or restart Enhanced SMART should be received 30 days in advance of the policy anniversary. The request shall take effect on the following policy anniversary. Once chosen the strategy will be applicable for future premiums for all the premium payment terms except single premium.
- Request for commencement, change or restart of Enhanced SMART will be subject to all due premiums being paid.
- Enhanced SMART option is available only to the policies with the annual/single mode of payment.
- Enhanced SMART is free of any charge.
- You will have the option to stop the Enhanced SMART at any point of time by a written request and it shall take effect from the next Enhanced SMART switching that follows the Company's receipt.
- Manual fund switching for the two funds selected for activation of Enhanced SMART is not allowed. Manual fund switching is allowed on other available funds. For Top-up premiums, manual switching option will be available at applicable charges.
- Any amount remaining in regular premium funds other than the two funds selected for activation of Enhanced SMART, would continue to remain invested in those funds.
- Enhanced SMART Option will not be available during Discontinuance of Premium. On revival of the policy, you can opt for Enhanced SMART again.
- In Case of Single Premium option:
  - o Enhanced SMART strategy can only be opted for at policy inception.
  - o Enhanced SMART strategy will be applicable for policy year 1 only.

  - o From the end of year 1, the amount will remain invested in the Equity oriented fund as chosen by customer under Enhanced SMART strategy.
  - o You have an option to do manual fund switching to other available funds after the end of policy year 1.

The Company may cease offering Enhanced SMART by giving 30 days of written notice subject to prior approval of Insurance Regulatory and Development Authority of India.

ii) Life-Stage based Portfolio Strategy

Under the Life-stage based Portfolio Strategy, your portfolio will be structured as per your age and risk profile selected by you (Conservative, Moderate or Aggressive). We will automatically shift your investments from riskier assets to safer assets progressively as you age. We will invest your Single Premium/Annualized Premium between the two funds, an equity fund and a debt fund (as selected by you from our range of funds) in a predetermined proportion based on the selected risk profile and your age when the premium is invested.

Debt Oriented Funds	Equity Oriented Funds
Whole Life Income Fund II	Whole Life Mid Cap Equity Fund Large Cap Equity Fund Multi Cap Fund India Consumption Fund Super Select Equity Fund Top 50 Fund Top 200 fund Emerging Opportunities Fund Sustainable Equity Fund Flexi Growth Fund Small Cap Discovery Fund Rising India Fund Flexi Growth Fund II Nifty Alpha 50 Index Fund Multicap Momentum Quality Index Fund Tax Bonanza Consumption Fund Top 200 Alpha 30 Index Fund Momentum 50 index Fund Sector Leaders Index Fund Multicap Opportunities Fund Enhanced Value Index Fund Large Mid Cap Innovation Fund Multifactor Index Fund Momentum Value 50 Index Fund Liquid Fund

Through this strategy, your allocable premium will be parked in the chosen equity oriented and debt oriented fund in a predetermined proportion based on the selected risk profile and age.

As you age, your Fund value will be shifted automatically from chosen equity oriented fund to chosen debt oriented fund according to then applicable Equity-Debt proportion as per the age group.

If opted for this strategy, you shall not be allowed to exercise the Premium-Redirection or Fund-Switching option.

However, you will have an option to opt out of this strategy anytime during the Policy Term, by notifying the company atleast 30-days prior to the policy anniversary. You will be allowed to exercise free Switches or Premium Redirection options after opting out of this strategy.

The percentage allocation to equity fund according to age and risk profile is as given below. The remaining percentage allocation out of 100% shall be in the debt fund.

Age Group	Risk Profile		
	Aggressive	Moderate	Conservative
1-30	90%	70%	50%
31-40	80%	60%	50%
41-50	70%	50%	30%
51-60	55%	35%	15%
61-70	40%	20%	0%
71 & above	25%	5%	0%

Units shall be rebalanced as necessary to achieve the above proportions of the Fund Value in the equity fund and the debt fund. The re-balancing of units shall be done on the last day of each Policy quarter.

The following are the notable features of Life-Stage Based Strategy: -

- The Life-Stage Based strategy can be availed by you, exercisable at policy inception or on any policy anniversary. A written request to commence, change or restart Life-Stage Based Strategy should be received 30 days in advance of the policy anniversary. The request shall take effect on the following policy anniversary.
- Request for commencement, change or restart of the strategy will be subject to all due premiums being paid.
- Life-Stage Based Strategy is free of any charge.
- You will have the option to stop the Life-Stage Based Strategy at any point of time by a written request at least 30 days prior to policy anniversary and the strategy shall stop at the following policy anniversary.
- Manual fund switching or Premium- Redirection shall not be allowed under this strategy.
- Life-Stage Based Strategy Option will not be available during Discontinuance of Premium. On revival of the policy, the Policyholder can opt for Life-Stage Based Strategy again.

Tracking and Assessing Your Investments

You can monitor your investments.

- On our website (www.tataaia.com);
- Through the annual statement detailing the number of units you have in each investment fund and their respective then prevailing NAV; and
- Through the published NAVs of all investment funds on our website and Life council's website.

Other benefits available under the plan

Top-up Facility

You have the flexibility to pay additional premium as 'Top-up Premium', provided the policy is in force.

- Single premium top-ups are allowed anytime except during last five years of the policy term provided all due regular premiums have been paid.
- Minimum top-up premium is ₹ 1000/-.
- Policyholder will be provided an additional sum assured equal to 1.25 X top-up premium, subject to BAUP.
- Top-up premiums can be allocated in any proportion between the funds offered as chosen by the Policyholder.
- Top-up Premiums are subject to charges as described under "Charges Applicable" section.
- Every top-up Premium shall have a lock in period of five years from the date of approval of that Top-up Premium. This rule is not applicable in case of complete withdrawal of policy.

Flexibility of Premium Mode

You may choose to pay your premiums Annually, Semi-annually, Quarterly, Monthly or even single time as per your convenience as per table below subject to minimum premium conditions for each mode

Monthly	Annualised Premium /12
Quarterly	Annualised Premium /4
Semi-Annually	Annualised Premium /2
Annually	Annualised Premium *1

Switching Between the Funds

During the policy term, you may switch your investment or part of investment from one fund to another as per your outlook about the markets. Switching may be restricted if the Enhanced SMART/ Life-stage based portfolio strategy is chosen. Please refer to Choose you Investment Strategy section for details. Any number of switches are allowed in a policy year and are available at no additional cost.

You may send the Company a written request to switch investment between available Funds. The written request must specify the Fund(s) from which Units are to be redeemed and the Fund(s) to which Units are being allocated.

Premium Re-direction

Premium Re-direction facility helps you to allocate future premiums to a different fund or set of funds. There is no Premium-Redirection charge. Premium Re-direction will not be allowed if Enhanced SMART is chosen.

Settlement Option

Provided insured is alive on the maturity date, there is an option to receive Maturity Benefit either in lump sum or in the form of periodical payments over a Settlement Period of five years from the Maturity Date. The first instalment under settlement option shall be payable on the date of maturity. The frequency of periodical payment shall be chosen by the Policyholder and can be yearly, half-yearly, quarterly or monthly. The value of such periodical payments will depend on the performance of the Funds selected for investment.

This option is not available in case of Future Secure and Family Secure where the life assured does not survive till the end of policy term.

During this Settlement Period, life cover shall be maintained at 105% of the total premiums paid. In case of death, higher of Total Fund Value at the time of death or 105% of total premiums paid will be returned to the Nominee.

Switches may be allowed during the settlement period. Partial withdrawals shall not be allowed during this period.

During this period, Fund Management Charges and Mortality Charges will be deducted as due. No other charges shall be levied.

At any time during the Settlement Period, the Policyholder has the option to withdraw the Total Fund Value at any time without any additional charges levied.

During this Settlement Period, the investment risk will be borne by the Policyholder

Flexibility of Additional Coverage

In case any rider is attached, the cost of such rider cover shall be levied either through rider charge or level rider premium, but not both. Policyholders can choose from the following unit-deducting and premium-paying riders:

The set of unit-deducting riders are as below:

- Tata AIA Life Insurance Waiver of Premium (Linked) Rider (UIN: 110A026V03 or any later version)
- Tata AIA Life Insurance Waiver of Premium Plus (Linked) Rider (UIN: 110A025V03 or any later version)

The set of premium-paying riders are as below:

- Tata AIA Life Linked Comprehensive Health Rider (UIN: 110A031V04 or any later version)
- Tata AIA Life Linked Comprehensive Protection Rider (UIN: 110A032V05 or any later version)

- Tata AIA Vitality Health Plus (UIN: 110A047V03 or any later version)
- Tata AIA Vitality Protect Plus (UIN: 110A048V04 or any later version)
- Tata AIA Sampoorna Health (UIN: 110A167V02 or any later version)

Riders can be attached at policy inception or any policy anniversary of the base plan subject to the rider premium payment term and the policy term shall not be more than the outstanding premium payment term and outstanding policy term for the base plan.

Any minimum and maximum sum assured limits on all the above unit-deducting and premium-paying riders will remain applicable, irrespective of the fact that lower or higher sum assured might be chosen as the base cover under this plan.

The sum assured for any attaching rider(s) will not exceed the Basic Sum Assured except for accidental death benefit rider.

The rider(s) shall be attached with the base plan in compliance with Regulation 8 of IRDAI (Insurance Products) Regulations, 2024 and as per specified.

If there is an overlapping benefit between the Base product and any of the benefit option under the named riders, that benefit option of the rider shall not be offered.

NAV Calculation

The Net Asset Value (NAV) of the segregated funds shall be computed as:

Market value of investment held by the fund + value of current assets - (value of current liabilities and provisions, if any)

-Number of units existing on Valuation Date (before creation/redemption of units)

The Net Asset value (NAV) will be determined and published daily in various financial newspapers and will also be available on www.tataaia.com, the official website of Tata AIA Life. All you have to do is multiply the number of Units you have with the published NAV to arrive at the value of your investments.

Credit/Debit of Units

Premiums received, will be used to purchase Units at the NAV according to your instruction for allocation of Premium. Units purchased by Premium and Top-Up Premium will be deposited into the Regular/Single Premium Fund Value and Top-Up Premium Fund Value respectively.

Where notice is required (Partial Withdrawal, Complete withdrawal or death of the Insured), Units being debited shall be valued by reference to their NAV as specified in the section

"Cut-off time for determining the appropriate valuation date" under Fund Provisions.

Cut-off time for determining the appropriate valuation date

The appropriate business day at which NAV will be used to purchase or redeem Units shall be determined in the following manner:-

a) Purchase & Allocation of Units in respect of Premiums received or Fund Value(s) switched in:
   - If the premiums, by way of cash or a local cheque or a demand draft payable at par or the request for switching in Fund Value(s) is/are received by us at or before 3:00 p.m. of a business day at the place where these are receivable, NAV of the date of receipt or the due date, whichever is later shall apply.
   - If the premium/s, by way of cash or a local cheque or a demand draft payable at par or the request for switching in Fund Value(s) is/are received by us after 3:00 pm of a business day, at the place where these are receivable, NAV of the next business day following the receipt or the due date, whichever is later shall apply.
   - If the premium/s is received by us by way of an outstation cheque/outstation demand draft, NAV of the date of on which these instruments are realized shall apply.

b) Sale & Redemption of Units in respect of withdrawals, surrender, Fund Value(s) switched out, death claim:
   - If a valid request/application is received by us at or before 3:00 pm of a business day, NAV of the date of receipt shall apply.
   - If a valid request/application is received by us after 3:00 pm of a business day, NAV of the next business day following the receipt shall apply.

Discontinuance of Premiums

Discontinuance of Premium within Five Years from the Date of Commencement (Discontinuance of the policy during lock-in period):

Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium, the fund value after deducting the applicable discontinuance charges, shall be credited to the discontinued policy fund and the risk cover and rider cover, if any, shall cease.

All such discontinued policies shall be provided a revival period of three years from date of first unpaid premium. On such discontinuance, the Company shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the option to revive the policy within the revival period.

a) In case the policyholder opts to revive but does not revive the policy during the revival period, the proceeds of the discontinued policy fund shall be paid to the policyholder at the end of the revival period or lock-in period whichever is later. In respect of revival period ending after lock-in period, the policy will remain in discontinuance fund till the end of revival period. The Fund management charges of discontinued fund will be applicable during this period and no other charges will be applied.

b) In case the policyholder does not exercise the option as set out above, the policy shall continue without any risk cover and rider cover, if any, and the policy fund shall remain invested in the discontinuance fund. At the end of the lock-in period, the proceeds of the discontinuance fund shall be paid to the policyholder and the policy shall terminate.

c) However, the policyholder has an option to surrender the policy anytime and proceeds of the discontinued policy shall be payable at the end of lock-in period or date of surrender whichever is later.

The Waiver of premium benefit under Future Secure Option and Family Secure Option, along with income option under Family Secure Option, will not be applicable if the policy is in the discontinued status.

For Single Pay:

The policyholder has an option to surrender any time during the lock-in period. Upon receipt of request for surrender, the fund value, after deducting the applicable discontinuance charges, shall be credited to the discontinued policy fund.

The policy shall continue to be invested in the discontinued policy fund and the proceeds from the discontinuance fund shall be paid at the end of lock-in period. Only fund management charge can be deducted from this fund during this period. Further, no risk cover shall be available on such policy during the discontinuance period.

"Proceeds of the discontinued policies" means the fund value as on the date the policy was discontinued, after addition of interest computed at the minimum guaranteed interest rate.

Revival of a discontinued policy during lock-in period

Upon revival, the policy shall be revived restoring the risk cover, along with the investments made in the

segregated funds as chosen by the policyholder, out of the discontinued fund, less the applicable charges.

At the time of revival, we shall:

i) collect all due and unpaid premiums without charging any interest or fee

ii) collect policy administration charge and premium allocation charge as applicable during the discontinuance period. Guarantee charges, if applicable, during the discontinuance period, may be deducted provided the

guarantee continues to be applicable. No other charges shall be levied.

iii) add back to the fund, the discontinuance charges deducted at the time of discontinuance of the policy

Segregated Discontinued Policy Fund

The discontinued policy fund shall be a segregated unit fund. Only fund management charges shall be applicable on such funds. The fund management charge on discontinued policy fund shall be declared by IRDAI from time to time. Currently, the fund management charge shall not exceed 50 basis points per annum.

Minimum Guaranteed Interest Rate

The minimum guaranteed interest rate applicable to the discontinued fund shall be declared by IRDAI from time to time. The current minimum guaranteed interest rate applicable to the discontinued fund is 4% per annum.

The excess income earned in the discontinued fund over and above the minimum guaranteed interest rate shall also be apportioned to the discontinued policy fund in arriving at the proceeds of the discontinued policies and shall not be made available to the shareholders

Discontinuance of Premium after Five Years from the Date of Commencement (Discontinuance of Policy after the lock-in-Period):

For Limited / Regular Pay:

Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium after lock-in period, the policy shall be converted into a reduced paid-up policy. The policy shall continue to be in reduced paid-up status without rider cover, if any. All charges as per terms and conditions of the policy may be deducted during the revival period. However, the mortality charges shall be deducted based on the reduced paid-up sum assured only.

On such discontinuance, Insurer shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the following options:

i) To revive the policy within the revival period of three years, or

ii) Complete withdrawal of the policy

iii) Continue the policy till the revival period with Reduced Paid-up Sum Assured.

The Waiver of premium benefit under Option 2- Future Secure and Option 3- Family Secure along with income option under Option – Family Secure, will not be applicable if the policy is in the reduced paid-up status.

In case the policyholder opts (i), i.e., to revive but does not revive the policy during the revival period or (iii), i.e., to continue the policy till revival period, the fund value (including any Top-Up fund value) shall be paid to the policyholder at the end

of the revival period.

The death benefit during the revival period shall be:

For Wealth Secure:

Highest of,

(i) Reduced Paid-up Sum Assured Less partial withdrawals made during the two-year period immediately preceding the death of the life assured or

(ii) Regular Premium Fund Value of the policy

(iii) 105 percent of the total Regular / Single Premiums received up to the date of death Less partial withdrawals made during the two-year period immediately preceding the death of the life assured

In addition to this:

Highest of,

i) The approved Top-up Sum Assured(s) or

ii) Top-Up Premium Fund Value of the policy or

iii) 105 percent of the total Top-up premium paid up to the date of death

is also payable provided the policyholder has a Top-up Premium Fund Value

The policy shall terminate on the death of Life Insured.

For Future Secure and Family Secure:

Highest of,

i) Reduced Paid-up Sum Assured Less partial withdrawals made during the two-year period immediately preceding the death of the life assured or

ii) 105 percent of the total Regular / Single Premiums received up to the date of death

In addition to this: the approved Top-Up Sum Assured(s), or

i) The approved Top-Up Sum Assured(s), or

ii) 105 percent of the total Top-up premium paid up to the date of death.

is also payable provided the Policyholder has a Top-Up Premium Fund Value.

In addition to this:

The Fund Value, including the Top-Up Premium Fund Value, if any, shall be payable to the Nominee on Death of Life Insured

The policy shall terminate on Death.

In case the policyholder opts (ii), i.e., to withdraw the policy completely, then the policy will be surrendered and the fund value (including any Top-Up fund value) shall be paid.

In case the policyholder does not exercise any option as set out above, the policy shall continue to be in reduced paid up status. At the end of the revival period the proceeds of the

policy fund shall be paid to the policyholder and the policy shall terminate.

The death benefit during the revival period shall be:

For Wealth Secure:

Highest of,

(i) Reduced Paid-up Sum Assured Less partial withdrawals made during the two-year period immediately preceding the death of the life assured or

(ii) Regular Premium Fund Value of the policy

(iii) 105 percent of the total Regular / Single Premiums received up to the date of death Less partial withdrawals made during the two-year period immediately preceding the death of the life assured

In addition to this:

Highest of,

i) The approved Top-up Sum Assured(s) or

ii) Top-Up Premium Fund Value of the policy or

iii) 105 percent of the total Top-up premium paid up to the date of death

is also payable provided the policyholder has a Top-up Premium Fund Value

The policy shall terminate on the death of Life Insured.

For Future Secure and Family Secure:

Highest of,

i) Reduced Paid-Up Sum Assured, or

ii) 105 percent of the total Regular / Single Premiums received up to the date of death

In addition to this: the approved Top-Up Sum Assured(s), or

i) The approved Top-Up Sum Assured(s), or

ii) 105 percent of the total Top-up premium paid up to the date of death.

is also payable provided the Policyholder has a Top-Up Premium Fund Value.

In addition to this:

The Fund Value, including the Top-Up Premium Fund Value, if any, shall be payable to the Nominee on Death of Life Insured

The policy shall terminate on Death.

For Single Pay:

The policyholder has an option to surrender the policy at any time. Upon receipt of request for surrender, the fund value as on date of surrender shall be payable.

Revival of a discontinued policy after lock-in period

Upon revival, the policy shall be revived restoring the original risk cover, benefits and charges in accordance with the terms and conditions of the policy. The rider may also be revived at the option of the policyholders.

At the time of revival, we:

i) shall collect all due and unpaid premiums under base plan without charging any interest or fee

ii) shall not levy any other charges.

REDUCED PAID UP

As per section **"Discontinuance of Premium after Five Years from the Date of Commencement"** above.

Reduced paid-up sum assured = Basic Sum Assured * (t / n)

Where,

t = Total number of Premiums paid

n= Total number of Premiums payable for the entire premium paying term

Complete Withdrawal / Surrender of the Policy.

The Policyholder can completely withdraw / surrender his / her policy anytime during the policy term by intimating the company.

If Policyholder requests for Complete Withdrawal / surrender from the policy –

- Within the lock-in period: the Surrender Value i.e. the total Fund Value less applicable discontinuance charges as on the date of discontinuance shall be credited to the 'Discontinued Policy Fund' as maintained by the Company. The 'Proceeds of the Discontinued Policy' i.e. the Fund Value as on the date of discontinuance plus entire income earned after deduction of the fund management charges, subject to a minimum guarantee of interest @ 4% p.a. or as prescribed by IRDAI from time to time shall be paid to the Policyholder after completion of the lock-in period.

  In case of death of the insured during this period the "Proceeds of the Discontinued Policy" shall be payable to the nominee immediately.

- After the Lock-in Period: surrender value equal to the total fund value as on the date of complete withdrawal / surrender shall be paid to the Policyholder.

Lock-in period means the period of 5 consecutive completed years from the date of commencement of the policy, during which period the proceeds of the policies cannot be paid by the insurer to the policyholder or to the insured, except in the case of death or upon the happening of any other contingency covered under the policy

Fund Management Charges are subject to revision by Company with prior approval of IRDAI but shall not exceed 1.35% per annum of the Fund value which is the maximum limit currently specified by the Authority and can change from time to time.

A Fund Management Charge of 0.50% p.a. shall be charged on Discontinued Policy Fund. The current cap on Fund Management Charge (FMC) for Discontinued Policy Fund is 0.50% p.a. and shall be declared by the Authority from time to time.

Mortality Charge

The Mortality Charge shall be deducted by cancelling Units at the current NAV, from the Fund value of the Policy at the beginning of each policy month. In case of the Top-Up Sum Assured, the same will be deducted from the Top-Up Premium Fund Value. If the Fund Value is insufficient, then mortality charge will be deducted from the Top-Up Premium Fund Value, if any and vice-versa.

Mortality charge = Sum at Risk (SAR) multiplied by the applicable Mortality Rate for the month, based on the attained age of the insured.

SAR is defined as:

1) **Under Wealth Secure:**

   SAR in each month for Regular Account is the difference between:

   a) Maximum of (Basic Sum Assured or 105% times total premium paid) Less partial withdrawals made during the two-year period immediately preceding the death of the life assured

   and

   b) Single / Regular Premium Fund Value at the time of deduction of Mortality Charge

   Sum at Risk (SAR) in each month for Top-Up Account is the difference between:

   a) Maximum of (Top-Up Sum Assured from the relevant Top-Up Premium Fund Value or 105% times total top-up premiums paid)

   and

   b) Top-up Premium Fund Value at the time of deduction of Mortality Charge.

2) **Under Future Secure:**

   SAR in each month for Regular Account is:

Maximum of (Basic Sum Assured or 105% times total premium paid)

SAR in each month for Top-Up Account is Maximum of (Top-Up Sum Assured from the relevant Top-Up Premium Fund Value or 105% times total top-up premiums paid)

In addition to the above, an additional mortality charge for the Waiver of Premium Benefit shall be deducted by cancelling Units at the prevailing NAV from the Fund Value of the Policy at the beginning of each Policy Month and shall be calculated as follows:

Factor C * Factor A * Annualized Premium * applicable Mortality Rate for the month, based on the attained age of the insured.

Where:

- Factor C shall be 1 for the Classic sub-option, 2 for the Prime sub-option and 3 for the Ultima sub-option.
- Factor A represents the present value of future premiums payable annually at 5% p.a..
- For non-annual premium payment mode Factor A, shall be increased by 0.5 to the applicable annual factor.

3) Under Family Secure:

SAR in each month for Regular Account is:

Maximum of (Basic Sum Assured or 105% times total premium paid)

SAR in each month for Top-Up Account is: Maximum of (Top-Up Sum Assured from the relevant Top-Up Premium Fund Value or 105% times total top-up premiums paid)

In addition to the above, an additional mortality charge for the Waiver of Premium Benefit and income benefit shall be deducted by cancelling Units at the prevailing NAV from the Fund Value of the Policy at the beginning of each Policy Month and shall be calculated as follows:

Factor C * Factor A * Annualised Premium * applicable Mortality Rate for the month, based on the attained age of the insured plus

Factor B * 1% of Basic Sum Assured * applicable Mortality Rate for the month, based on the attained age of the insured.

Where:

- Factor C shall be 1 for the Classic sub-option, 2 for the Prime sub-option and 3 for the Ultima sub-option.
- Factor A represents the present value of future premiums payable annually at 5% p.a..
- For non-annual premium payment mode Factor A, is increased by adding 0.5 to the applicable annual factor
- Factor B: represents the present value of future incomes payable annually at 5% p.a.

The Mortality Charges will be guaranteed for the policy term and please refer sample mortality rate chart for a Male standard life :

Age	30	35	40	45
Mortality Charge (per 1000 Sum Assured)	1.075	1.322	1.848	2.837

The Company may alter all the above charges (except Mortality Charge which is guaranteed throughout the term) by giving an advance notice of at least 3 months to the Policyholder subject to prior approval of IRDAI and will have prospective effect.

SAR for Reduced Paid-up Policies

For Wealth Secure

The SAR in each month for policies in reduced paid-up status is the difference between:

a) Maximum of (Reduced Sum Assured or 105% times total premium paid) Less partial withdrawals made during the two-year period immediately preceding the death of the life assured

and

b) Fund Value at the time of deduction of Mortality Charge

Sum at Risk (SAR) in each month for Top-Up Account is the difference between:

a) Maximum of (Top-Up Sum Assured, from the relevant Top-Up Premium Fund Value or 105% times total top-up premiums paid)

and

b) Top-up Premium Fund Value at the time of deduction of Mortality Charge.

For Future Secure and Family Secure

The SAR in each month for policies in reduced paid-up status is:

a) Maximum of (Reduced Sum Assured or 105% times total premium paid) Less partial withdrawals made during the two-year period immediately preceding the death of the life assured

Sum at Risk (SAR) in each month for Top-Up Account is the difference between:

a) Maximum of (Top-Up Sum Assured, from the relevant Top-Up Premium Fund Value or 105% times total top-up premiums paid)

Discontinuance Charge

You can discontinue paying premium anytime during the policy term by intimating to the company. However, when the request for discontinuance from the policy is within the lock-in period of 5 years from policy inception, total fund value, net of

discontinuance charges as on the date of discontinuance shall be put in the 'Discontinued Policy Fund'.
