b) Systematic Allocator

The Systematic Allocator is a programmed investment solution in which the fund mix becomes more conservative as the investment goal approaches. The funds will be invested in the Equity Growth fund and Bond Fund II based on the balance time for the plan to attain maturity. This strategy moves the fund allocation towards Bond Fund II as the plan approaches the maturity date. However, by reducing exposure to Equity Growth fund, the risk of a sudden drop in the equity market affecting the accumulated value, diminishes.

Balance / residual time to maturity (in years, rounded up to the nearest integer) of the plan is used to determine the proportion of allocation to the Equity Growth fund and Bond Fund II. This proportion is pre-defined by the Systemic Allocator "Glide Path". “Glide Path” is the proportion allocated to the Equity Growth Fund and Bond Fund II based on the time remaining for the plan to attain maturity as shown in the table below. The premiums will be allocated as per this Glide Path and at each policy anniversary, the Fund Value will be rebalanced as per the residual maturity of the plan.

Systematic Allocator “Glide Path”		
Balance time to maturity of the plan (in years)	**Proportion allocated to Equity Growth fund**	**Proportion allocated to Bond Fund II**

However, once the Systematic Allocator is chosen, you will not be allowed to do a manual switch/autoswitcher or premium re-direction between the funds. You may also opt out of the Systematic Allocator at any time and use the "Do it yourself" strategy in order to manage the funds.

There are no additional charges for the Systematic Allocator, the underlying fund management charges of the Equity Growth fund and Bond Fund II will continue to apply.

c) Units

Each unit-linked fund is divided into number of units of equal value. The value of each unit is called the unit price which is determined on a daily basis. To create cash inflows to the fund, the new units are created at the prevailing unit price and to meet the cash outflows, existing units in the fund are realised.

Unit price (Net Asset Value) formula:

The Net Asset Value (NAV) Of each segregated fund shall be computed as

$$\text{NAV} = \frac{\text{Market Value of investments held by the fund + Value of current assets – Value of current liabilities \& provisions, if any}}{\text{Number of Units existing on valuation date (before creation/redemption of units)}}$$

Fund Management Charge is levied as a percentage of the value of assets and will be appropriated by adjusting the NAV on a daily basis. The uniform cut-off timings for applicability of net asset value in respect of allocations and redemptions will be 3:00 p.m. NAV and its calculation shall be in compliance with Computation of Net Asset Value (NAV) from IRDAI (Insurance Products) Regulations, 2024, as amended from time to time and any other relevant circulars/guidelines/regulations/directions from the IRDAI from time to time.

d) Market value

We will determine the market value of assets in accordance with the regulatory requirements. We reserve the right to suspend unit pricing if it is not possible for us to value some or all of the assets of a unit linked fund due to Force Majeure conditions. Further the unit pricing will be resumed within 2 working days from the day markets resume or conditions return to normal, whichever is earlier.

The suspension of unit pricing will be only on external events to the company.

e) Investment guidelines

All segregated funds will be managed in compliance with applicable statutory regulations and guidelines. At present, investments in other than approved securities (including third-party mutual funds beyond 5% of fund) cannot exceed 25%. All funds will also trade in derivatives, invest in third-party funds or engage in short selling to the extent permitted by the applicable regulations.

   a) the date of issuance of policy or
   b) the date of commencement of risk or
   c) the date of revival of policy or
   d) the date of rider to the policy

whichever is later.

2. On the ground of fraud, a policy of Life Insurance may be called in question within 3 years from
   a) the date of issuance of policy or
   b) the date of commencement of risk or
   c) the date of revival of policy or
   d) the date of rider to the policy

whichever is later.

For this, we will communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which such decision is based.

3. Fraud means any of the following acts committed by insured or by his agent, with the intent to deceive the Company or to induce the Company to issue a life insurance policy:
   a) The suggestion, as a fact of that which is not true and which the insured does not believe to be true;
   b) The active concealment of a fact by the insured having knowledge or belief of the fact;
   c) Any other act fitted to deceive; and
   d) Any such act or omission as the law specifically declares to be fraudulent.

4. Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the insured or his agent keeping silence to speak or silence is in itself equivalent to speak.
5. We will not repudiate a life insurance Policy on the ground of fraud, if the Insured / beneficiary can prove that the misstatement was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of material fact are within the knowledge of the Company. Onus of disproving is upon the policyholder, if alive, or beneficiaries.
6. Life insurance Policy can be called in question within 3 years on the ground that any statement of or suppression of a fact material to expectancy of life of the insured was incorrectly made in the proposal or other document basis which policy was issued or revived or rider issued. For this, the Company will communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which decision to repudiate the policy is based.

7. In case repudiation is on ground of mis-statement and not on fraud, the premium collected on policy till the date of repudiation shall be paid to the insured or legal representative or nominee or assignees of insured, within a period of 90 days from the date of repudiation.
8. Fact shall not be considered material unless it has a direct bearing on the risk undertaken by the Company. The onus is on the Company to show that if the Company had been aware of the said fact, no life insurance policy would have been issued to the insured.
9. The insurer can call for proof of age at any time if it is entitled to do so and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof of age of life insured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.
