Bajaj Life Insurance Limited

(Formerly known as Bajaj Allianz Life Insurance Company Limited)

Bajaj Life New Waiver of Premium Rider
Part A
Forwarding Letter and Preamble
(As per Base Policy)

Schedule

Rider Details

Product Name	Bajaj Life New Waiver of Premium Rider
Rider Unique Identification Number	116B061V01
Date of Commencement of Rider	
Date of Expiry of Rider	
Rider Period	
Rider Option	

Rider Life Assured Details

Rider Life Assured	
Date of Birth	

Details of the Rider Premiums Payable

Rider Premium Details*		Rider Premium Payment Details	
Rider Premium#		Rider Payment Period	
Rider Extra Premium (if any)		Rider Payment Frequency	
*(excluding GST)			

*A grace period of 30 days will be provided under this Policy for payment of premium. #Rider Premium is inclusive of Rider Extra Premium.

Part B
Technical Terms Used in your Rider and what they mean

1. **"Accident"** means a sudden, unforeseen and involuntary incident which has been caused by external visible and violent means.
2. **"Accidental Total Permanent Disability (ATPD)"** is the Total Permanent Disability caused by an Injury due to an Accident. The detailed explanation of ATPD is provided in Annexure A to this rider.
3. **"Act"** refers to the Insurance Act, 1938 and the rules, regulations, guidelines, and circulars issued thereunder.
4. **"Authority/IRDAI"** shall mean the Insurance Regulatory and Development Authority of India.
5. **"Base Policy"** shall mean the policy availed by the Life Assured to which this rider is attached.
6. **"Base Policy Premium"** for the purposes of this rider, Base Policy Premium will include base premiums under the Base Policy including any extra underwriting base premium and rider premium, if opted.
7. **"Critical Illness (CI)"** shall mean the illnesses listed in Annexure A to this rider which the Life Assured may be diagnosed with by a Medical Practitioner. A detailed explanation of CI has been provided in Annexure A.
8. **"Grace Period"** shall mean the additional period provided for payment of premium after the due date. The rider grace period shall be in line with the grace period of the Base Policy.
9. **"Injury"** shall mean an injury which within 180 days of an Accident, which solely, directly and independently of any other cause results in a Disability.
10. **"Lapse"** is the status of this rider after non-payment of the premium during which no benefit is payable.
11. **"Life Assured"** shall mean the Rider Life Assured as named in the Schedule. It is clarified that the Life Assured under this Rider shall be the Policyholder of the Base Policy.
12. **"Medical Practitioner"** is a person who holds a valid registration from the medical counsel of any state or of India, or the Medical Counsel of India, or Counsel for Indian Medicine and is entitled to practice medicine in within the relevant medical counsel's jurisdiction and within the scope of the license granted. The practitioner treating the Life Assured should hold a degree equivalent to an MD or MS in the relevant field to certify the medical condition. The Medical Practitioner should not be (a) the Life Assured; (b) any intermediary that was involved in the solicitation of the Base Policy and this rider; (e) employed by Us; or (f) related to the Life Assured.
13. **"Total and Permanent Disability"** is the permanent and complete (a) loss of both eyes; (b) loss of both arms or both hands; (c) loss of one arm and one leg; (d) loss of one arm and one foot; (e) loss of one hand and one foot; (f) loss of one hand and one leg; (g) loss of both legs; (h) loss of both feet; or (i) removal of the lower jaw.
14. **"Us/We"** means Bajaj Life Insurance Limited.
15. **"UIN"** is the Unique Identification Number allotted to this product by the Authority/IRDAI.

Part C
Things you must know about your Rider

I. This is a non-linked, non-participating individual, regular premium, health pure risk, waiver of premium rider.

II. This rider has three options available under it. Rider Option 1 offers waiver of premium on ATPD or CI, Rider Option 2 offers waiver of premium on Death or ATPD, and Rider Option 3 offers waiver of premium on Death, ATPD or CI. This rider can only be opted on the life of the Policyholder of the Base Policy, at the inception of the Base Policy or at any time during the validity of the Base Policy, and only one of the available Rider Options can be chosen.

III. Benefits

Based on the Rider Option selected by you, the following benefits will be available:

a. Rider Option 1 – ATPD or CI

On the Life Assured being diagnosed with ATPD or CI, whichever is earlier, all future Base Policy Premiums due shall be waived by Us.

b. Rider Option 2 – Death or ATPD

On the Death of the Life Assured or on the Life Assured being diagnosed with ATPD,

whichever is earlier, all future Base Policy Premiums due shall be waived by Us.

c. **Rider Option 3 – Death, ATPD or CI**
On the Death of the Life Assured or on the Life Assured being diagnosed with ATPD or CI, whichever is earlier, all future Base Policy Premiums due shall be waived by Us.

IV. Premium Payment
Rider Premiums are payable for the Premium Payment Period at the frequency of the premiums provided in the Base Policy.

V. Non-Payment and Grace Period
If the Rider Premiums are not paid before the end of the Grace Period (subject to any conditions as per the Base Policy) the rider will Lapse and no benefits will be available under this rider.

Part D
Servicing of your Rider and Options Offered

VI. Free Look Period
You shall be provided a Free Look Period of 30 days beginning from the date of receipt of this rider document, whether received electronically or otherwise, to review the terms and conditions of the rider, except if tenure of the policy is less than a year. In the event You disagree to any of the rider terms or conditions, or otherwise and have not made any claim, You shall have the option to return the rider to the Company for cancellation, stating the reasons for the same. Irrespective of the reasons mentioned, You shall be entitled to a refund of the Rider Premium paid subject only to a deduction of a proportionate risk premium for the period of cover and the expenses, if any, incurred by us on any medical examination of the Life Assured and stamp duty charges. A request received by us for cancellation of the rider during Free Look Period shall be processed and Rider Premium shall be refunded within 7 days of receipt of such request.

VII. Revival
As per Base Policy.

VIII. Option to Avail or Terminate the Rider
You can avail of or terminate the rider subject to any underwriting guidelines as per our board approved underwriting policy. The rider will commence on and from the Date of Commencement of Rider as detailed above.

IX. Termination
This rider shall terminate if:
a. Any Premiums are discontinued;
b. Life Assured opts to terminate the rider;
c. The Date of Expiry of rider;
d. On the maturity of the Base Policy;
e. On the occurrence of Death of the Life Assured or the Life Assured being diagnosed with ATPD or CI;
f. On termination on the grounds of misrepresentation, fraud or non-disclosure as per the provisions of Section 45 of the Act.

X. Rider Termination Value/Surrender Value
There is no termination value or surrender value for this rider.

PART E
Not Applicable

PART F
General Terms and Conditions of your Rider

XI. Exclusions
In case the death of the Life Assured is due to suicide within 12 months from the Date of Commencement Rider, or 12 months from the date the rider has been Revived, then 80% of the total premiums paid till such date of death shall be payable. No rider benefit will be available in this case.

Exclusions in respect of ATPD and CI are detailed in Annexure A to this rider.

XII. Nomination and Assignment
Nomination and Assignment is not applicable under this rider.

XIII. Fraud and Misrepresentation
The rider has been issued based on the

details, declarations and documents provided to us by you. However, if we receive or find any information, which result in suspicion of misstatements at any stage, subject to the provisions of law at the time being in force, then the Benefits will not be applicable under the rider and the claim will be rejected. All such cases will be dealt with in accordance with Section 45 of the Insurance Act, 1938, a detailed write up of which is annexed to the Base Policy.

XIV. Claims and Claims Procedure

As per base policy.

XV. Modification

Any modifications to the rider will be carried out by way of an endorsement letter, duly signed by our authorised signatory.

XVI. Governing Law and Currency

The rider will be governed by the provisions of Law at the time being in force in the Republic of India. Any amount payable to us or by us will be paid in Indian Rupees.

XVII. Taxes

Any payment of taxes, including GST, as may be applicable, shall be borne by the Life Assured. Life Assured shall either pay himself or allow us to deduct the appropriate taxes as may be imposed by any law, order or circular at the time being in force, from any payable benefits, or Rider Premium received.

Part G
As per Base Policy

Annexure A
Details of ATPD and CI

1. Accidental Total Permanent Disability (ATPD)

1.1. Definition and Inclusions

'Accidental Total Permanent Disability' shall mean disability of the Rider Life Assured as a result of bodily Injury caused by an Accident (a sudden unforeseen and involuntary event caused by external and visible means) and such Injury shall within 180 days of its occurrence solely, directly and independently of any other cause, result in the Rider Life Assureds Disability which must be permanent and total and must result in at least one of the following:

(a) Loss of both eyes;
(b) Loss of both arms or both hands;
(c) Loss of one arm and one leg;
(d) Loss of one arm and one foot;
(e) Loss of one hand and one foot;
(f) Loss of one hand and one leg;
(g) Loss of both legs;
(h) Loss of both feet;
(i) Removal of lower jaw.

1.2. It is clarified that:

(a) Loss of both eyes means total loss of vision in both eyes, certified by an ophthalmologist;
(b) If the disability is due to amputation/ dismemberment, loss of hand will mean amputation/ dismemberment above wrist, loss of arm will mean amputation/ dismemberment above elbow, loss of feet will mean amputation/ dismemberment above ankle and loss of leg will mean amputation/ dismemberment above knee;
(c) If the disability is not due to amputation/dismemberment, loss will mean loss of usage of both limbs and the limbs should have motor power grade 0/5, 1/5 or 2/5 only.
(d) The Accidental Permanent Total Disability has to be certified by a registered Medical Practitioner, appointed by the company. Claim intimation should be received in writing within 60 days of occurrence of the Accident, which is causing total disability of the rider life assured.
(e) The Disability Benefit is paid if and only if disability is detected as per above Disability Condition.

1.3. Exclusions

(a) The Accidental Permanent Total Disability will not be payable in the following situations:
(b) Disability as a result of the insured person committing any breach of law with criminal intent;
(c) Disability of insured person as a result of war, invasion, civil war, rebellion or riot;
(d) Disability as a consequence of the insured person being under the influence of alcohol or drugs other than drugs prescribed by and taken in accordance with the directions of a registered Medical Practitioner;
(e) Disability as a result of the insured person taking part in any naval, military or air force operation;
(f) Disability as a result of the insured person participating in or training for any dangerous or hazardous sport or competition or riding or driving in any form of race or competition;
(g) Disability of insured person as a result of aviation, gliding or any form of aerial flight other than as a fare paying passenger on a civilian airline plying on regular routes and according to a scheduled timetable;

(h) Disability of insured person as a result of attempted self-injury
(i) Disability of insured person as a result of poison, gas or fume (voluntary or involuntarily, accidentally or otherwise taken, administered, absorbed or inhaled).
(j) Failure to follow medical advice
(k) Nuclear Contamination; the radio-active, explosive or hazardous nature of nuclear fuel materials or property contaminated by nuclear fuel materials or accident arising from such nature

2. Critical Illness (CI)

2.1. Illnesses categorized as CI

(a) Cancer of Specified Severity
(b) Myocardial Infraction (First Heart Attack of Specific Severity)
(c) Open Chest CABG
(d) Open Heart Replacement or Repair of Heart Valves
(e) Coma of Specified Severity
(f) Kidney Failure Requiring Regular Dialysis
(g) Stroke Resulting in Permanent Symptoms
(h) Major Organ /Bone Marrow Transplant
(i) Permanent Paralysis of Limbs
(j) Motor Neuron Disease with Permanent Symptoms
(k) Multiple Sclerosis with Persisting Symptoms
(l) Benign Brain Tumour
(m) Blindness
(n) Deafness
(o) End Stage Lung Failure
(p) End Stage Liver Failure
(q) Loss of Speech
(r) Loss of Limbs
(s) Major Head Trauma
(t) Primary (Idiopathic) Pulmonary Hypertension
(u) Third Degree Burns
(v) Major Surgery of Aorta
(w) Parkinson's Disease
(x) Fulminant Viral Hepatitis - Resulting in Acute Liver Failure
(y) Loss of Independent existence (Cover up to Age 74)

2.2. Definitions

(a) CANCER OF SPECIFIED SEVERITY

A malignant tumor characterized by the uncontrolled growth and spread of malignant cells with invasion and destruction of normal tissues. This diagnosis must be supported by histological evidence of malignancy. The term cancer includes leukemia, lymphoma and sarcoma.

The following are excluded –

i. All tumors which are histologically described as carcinoma in situ, benign, pre-malignant, borderline malignant, low malignant potential, neoplasm of unknown behaviour, or non- invasive, including but not limited to: Carcinoma in situ of breasts, Cervical dysplasia CIN-1, CIN -2 and CIN-3.
ii. Any non-melanoma skin carcinoma unless there is evidence of metastases to lymph nodes or beyond;

iii. Malignant melanoma that has not caused invasion beyond the epidermis;
iv. All tumors of the prostate unless histologically classified as having a Gleason score greater than 6 or having progressed to at least clinical TNM classification T2N0M0
v. All Thyroid cancers histologically classified as T1N0M0 (TNM Classification) or below;
vi. Chronic lymphocytic leukaemia less than RAI stage 3
vii. Non-invasive papillary cancer of the bladder histologically described as TaN0M0 or of a lesser classification,
viii. All Gastro-Intestinal Stromal Tumors histologically classified as T1N0M0 (TNM Classification) or below and with mitotic count of less than or equal to 5/50 HPFs;

(b) MAJOR SURGERY OF AORTA

i. The actual undergoing of medically necessary major surgery for a disease of the aorta needing excision and surgical replacement of the diseased aorta with a graft. For the purpose of this definition aorta shall mean the thoracic and abdominal aorta but not its branches.
ii. Traumatic injury of the aorta is excluded.
iii. Surgery performed using only minimally invasive or intra-arterial techniques are excluded.

(c) FULMINANT VIRAL HEPATITIS

A sub-massive to massive necrosis of the liver by the Hepatitis virus, leading precipitously to liver failure. This diagnosis must be supported by all of the following:

i. Rapid decreasing of liver size.
ii. Necrosis involving entire lobules, leaving only a collapsed reticular framework.
iii. Rapid deterioration of liver function tests.
iv. Deepening jaundice; and
v. Hepatic encephalopathy.
vi. Acute Hepatitis infection or carrier status alone does not meet the diagnostic criteria.

(d) MYOCARDIAL INFARCTION (First Heart Attack of specific severity)

1. The first occurrence of heart attack or myocardial infarction, which means the death of a portion of the heart muscle as a result of inadequate blood supply to the relevant area.
2. The diagnosis for Myocardial Infarction should be evidenced by all of the following criteria:
    i. A history of typical clinical symptoms consistent with the diagnosis of acute myocardial infarction (For e.g., typical chest pain)
    ii. New characteristic electrocardiogram changes
    iii. Elevation of infarction specific enzymes, Troponins or other specific biochemical markers.
3. The following are excluded:
    i. Other acute Coronary Syndromes
    ii. Any type of angina pectoris
    iii. A rise in cardiac biomarkers or Troponin T or I in absence of overt ischemic heart disease OR following an intra-arterial cardiac procedure.

(e) PRIMARY (IDIOPATHIC) PULMONARY HYPERTENSION

1. An unequivocal diagnosis of Primary (Idiopathic) Pulmonary Hypertension by a Cardiologist or specialist in respiratory medicine with evidence of right ventricular enlargement and the pulmonary artery pressure above 30 mm of Hg on Cardiac Cauterization. There must be permanent irreversible physical impairment to the

degree of at least Class IV of the New York Heart Association Classification of cardiac impairment.

2. The NYHA Classification of Cardiac Impairment are as follows:
   i. Class III: Marked limitation of physical activity. Comfortable at rest, but less than ordinary activity causes symptoms.
   ii. Class IV: Unable to engage in any physical activity without discomfort. Symptoms may be present even at rest.
3. Pulmonary hypertension associated with lung disease, chronic hypoventilation, pulmonary thromboembolic disease, drugs and toxins, diseases of the left side of the heart, congenital heart disease and any secondary cause are specifically excluded.

(f) END STAGE LIVER FAILURE

Permanent and irreversible failure of liver function that has resulted in all three of the following:

i. Permanent jaundice; and
ii. Ascites; and
iii. Hepatic encephalopathy.

Liver failure secondary to drug or alcohol abuse is excluded.

(g) MULTIPLE SCLEROSIS WITH PERSISTING SYMPTOMS

The unequivocal diagnosis of Definite Multiple Sclerosis confirmed and evidenced by all of the following:

i. Investigations including typical MRI findings which unequivocally confirm the diagnosis to be multiple sclerosis and
ii. There must be current clinical impairment of motor or sensory function, which must have persisted for a continuous period of at least 6 months.
iii. Other causes of neurological damage such as SLE is excluded.

(h) MOTOR NEURON DISEASE WITH PERMANENT SYMPTOMS

Motor neuron disease diagnosed by a specialist medical practitioner as spinal muscular atrophy, progressive bulbar palsy, amyotrophic lateral sclerosis or primary lateral sclerosis. There must be progressive degeneration of corticospinal tracts and anterior horn cells or bulbar efferent neurons. There must be current significant and permanent functional neurological impairment with objective evidence of motor dysfunction that has persisted for a continuous period of at least 3 months.

(i) PERMANENT PARALYSIS OF LIMBS

Total and irreversible loss of use of two or more limbs as a result of injury or disease of the brain or spinal cord. A specialist medical practitioner must be of the opinion that the paralysis will be permanent with no hope of recovery and must be present for more than 3 months.

(j) COMA OF SPECIFIED SEVERITY

A state of unconsciousness with no reaction or response to external stimuli or internal needs. This diagnosis must be supported by evidence of all of the following:

i. No response to external stimuli continuously for at least 96 hours;
ii. Life support measures are necessary to sustain life; and
iii. Permanent neurological deficit which must be assessed at least 30 days after the onset of the coma.

iv. The condition has to be confirmed by a specialist medical practitioner. Coma resulting directly from alcohol or drug abuse is excluded.

(k) PARKINSON'S DISEASE

The occurrence of Parkinson's Disease where there is an associated Neurological Deficit that results in permanent inability to perform independently at least three of the Activities of Daily Living#(defined below), for a continuous period of at least 3 months:

The following is excluded:

Parkinson's Disease accompanied with drug and/or alcohol abuse.

(l) BENIGN BRAIN TUMOR

1. Benign brain tumor is defined as a life threatening, non-cancerous tumor in the brain, cranial nerves or meninges within the skull. The presence of the underlying tumor must be confirmed by imaging studies such as CT scan or MRI.
2. This brain tumor must result in at least one of the following and must be confirmed by the relevant medical specialist.
3. Permanent Neurological deficit with persisting clinical symptoms for a continuous period of at least 90 consecutive days or
4. Undergone surgical resection or radiation therapy to treat the brain tumor.
5. The following conditions are excluded:
   i. Cysts, Granulomas, malformations in the arteries or veins of the brain, hematomas, abscesses, pituitary tumors, tumors of skull bones and tumors of the spinal cord.

(m) MAJOR HEAD TRAUMA

1. Accidental head injury resulting in permanent Neurological deficit to be assessed no sooner than 3 months from the date of the accident. This diagnosis must be supported by unequivocal findings on Magnetic Resonance Imaging, Computerized Tomography, or other reliable imaging techniques. The accident must be caused solely and directly by accidental, violent, external and visible means and independently of all other causes
2. The Accidental Head injury must result in an inability to perform at least three (3) of the following Activities of Daily Living#(defined below) either with or without the use of mechanical equipment, special devices or other aids and adaptations in use for disabled persons. For the purpose of this Benefit, the word "permanent" shall mean beyond the scope of recovery with current medical knowledge and technology.
3. The following are excluded:
   i. Spinal cord injury

(n) KIDNEY FAILURE REQUIRING REGULAR DIALYSIS

End stage renal disease presenting as chronic irreversible failure of both kidneys to function, as a result of which either regular renal dialysis (haemodialysis or peritoneal dialysis) is instituted, or renal transplantation is carried out. Diagnosis has to be confirmed by a specialist medical practitioner.

(o) BLINDNESS

Total, permanent and irreversible loss of all vision in both eyes as a result of illness or accident. The Blindness is evidenced by:

i. Corrected visual acuity being 3/60 or less in both eyes or;
ii. The field of vision being less than 10 degrees in both eyes.
iii. The diagnosis of blindness must be confirmed and must not be correctable by aids or surgical procedure.

(p) DEAFNESS

Total and irreversible loss of hearing in both ears as a result of illness or accident. This diagnosis must be supported by pure tone audiogram test and certified by an Ear, Nose and Throat (ENT) specialist. Total means "the loss of hearing to the extent that the loss is greater than 90 decibels across all frequencies of hearing" in both ears.

(q) THIRD DEGREE BURNS

There must be third-degree burns with scarring that cover at least 20% of the body's surface area. The diagnosis must confirm the total area involved using standardized, clinically accepted, body surface area charts covering 20% of the body surface area.

(r) OPEN HEART REPLACEMENT OR REPAIR OF HEART VALVES

The actual undergoing of open-heart valve surgery is to replace or repair one or more heart valves, as a consequence of defects in, abnormalities of, or disease affected cardiac valve(s). The diagnosis of the valve abnormality must be supported by an echocardiography and the realization of surgery has to be confirmed by a specialist medical practitioner. Catheter based techniques including but not limited to, balloon valvotomy/valvuloplasty are excluded.

(s) MAJOR ORGAN/BONE MARROW TRANSPLANT

1. The actual undergoing of a transplant of:
    i. One of the following human organs: heart, lung, liver, kidney, pancreas, that resulted from irreversible end-stage failure of the relevant organ, or
    ii. Human bone marrow using haematopoietic stem cells.
    iii. The undergoing of a transplant has to be confirmed by a specialist medical practitioner.
2. The following are excluded:
    i. Other stem-cell transplants.
    ii. Where only islets of langerhans are transplanted

(t) OPEN CHEST CABG

1. The actual undergoing of heart surgery to correct blockage or narrowing in one or more coronary artery(s), by coronary artery bypass grafting done via a sternotomy (cutting through the breastbone) or minimally invasive keyhole coronary artery bypass procedures. The diagnosis must be supported by a coronary angiography and the realization of surgery has to be confirmed by a cardiologist.
2. The following are excluded:
    i. Angioplasty and/or any other intra-arterial procedures

(u) LOSS OF LIMBS

The physical separation of two or more limbs, at or above the wrist or ankle level as a result of injury or disease. This will include medically necessary amputation necessitated by injury or disease. The separation has to be permanent without any chance of surgical correction. Loss of Limbs resulting directly or indirectly from self-inflicted injury, alcohol or drug abuse is excluded.

(v) END STAGE LUNG FAILURE

1. End stage lung disease, causing chronic respiratory failure, as confirmed and evidenced by all of the following:
    i. FEV1 test results consistently less than 1 litre measured on 3 occasions 3 months apart; and

ii. Requiring continuous permanent supplementary oxygen therapy for hypoxemia; and
iii. Arterial blood gas analysis with partial oxygen pressure of 55mmHg or less (PaO2 < 55mmHg); and
iv. Dyspnoea at rest.

(w) LOSS OF SPEECH

Total and irrecoverable loss of the ability to speak as a result of injury or disease to the vocal cords. The inability to speak must be established for a continuous period of 12 months. This diagnosis must be supported by medical evidence furnished by an Ear, Nose, throat (ENT) specialist.

(x) STROKE Resulting in Permanent Symptoms

1. Any cerebrovascular incident producing permanent neurological sequelae. This includes infarction of brain tissue, thrombosis in an intracranial vessel, haemorrhage and embolisation from an extracranial source. Diagnosis has to be confirmed by a specialist medical practitioner and evidenced by typical clinical symptoms as well as typical findings in CT Scan or MRI of the brain. Evidence of permanent neurological deficit lasting for at least 3 months has to be produced.
   i. The following are excluded:
   ii. Transient ischemic attacks (TIA)
   iii. Traumatic injury of the brain
   iv. Vascular disease affecting only the eye or optic nerve or vestibular functions.

(y) LOSS OF INDEPENDENT EXISTENCE (TILL AGE 74)

Confirmation by a Consultant Physician of the loss of independent existence due to illness or trauma, lasting for a minimum period of 6 months and resulting in a permanent inability to perform at least three of the Activities of Daily Living#(defined below), with no hope of recovery.

This condition must be confirmed by the company's approved doctor. Post age 74, this benefit cease to exist.

#Activities of Daily Living: For the purpose of the above clauses, Activities of Daily Living are defined as:

Washing – the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by other means

Dressing – the ability to put on, take off, secure and unfasten all garments and, as appropriate, any braces, artificial limbs or other surgical appliances

Transferring – the ability to move from a bed to an upright chair or wheelchair and vice versa;

Toileting – the ability to use the lavatory or otherwise manage bowel and bladder functions so as to maintain a satisfactory level of personal hygiene;

Feeding – the ability to feed oneself once food has been prepared and made available.

Mobility - the ability to move from room to room without requiring any physical assistance.

2.3. Exclusions

The critical illness benefit shall not be paid on any of the lives covered in case of the following conditions:

(a) If the diagnosis of such Critical Illness was made within 90 days of the start of coverage (i.e. during the waiting period).
(b) If the insured dies within the survival period as per definition from date of the diagnosis of the covered CI.

(c) Intentional self-inflicted injury, suicide or attempted suicide.

(d) For any medical conditions suffered by the life assured or any medical procedure undergone by the life assured, if that medical condition or that medical procedure was caused directly or indirectly by influence of drugs, alcohol, narcotics or psychotropic substances unless taken in accordance with the lawful directions and prescriptions of a registered medical practitioner.

(e) Engaging in or taking part in hazardous activities*, including but not limited to, diving or riding or any kind of race; martial arts; hunting; mountaineering; parachuting, bungee-jumping; under water activities involving the use of breathing apparatus or not.

*Hazardous Activities mean any sport or pursuit or hobby, which is potentially dangerous to the Insured Member whether he is trained or not.

(f) Participation by the insured person in a criminal or unlawful act with criminal intent.

(g) For any medical condition or any medical procedure arising from nuclear contamination; the radioactive, explosive or hazardous nature of nuclear fuel materials or property contaminated by nuclear fuel materials or accident arising from such nature.

(h) For any medical condition or any medical procedure arising either as a result of war, invasion, act of foreign enemy, hostilities (whether war be declared or not), armed or unarmed truce, civil war, mutiny, rebellion, revolution, insurrection, terrorism, military or usurped power, riot or civil commotion, strikes or participation in any naval, military or air force operation during peace time.

(i) For any medical condition or any medical procedure arising from participation by the insured person in any flying activity, except as a bona fide, fare paying passenger and aviation industry employee like pilot or cabin crew of a recognized airline on regular routes and on a scheduled timetable.

(j) Any External Congenital Anomaly which is not as a consequence of Genetic disorder.

(k) Failure to follow medical advice.
